The News.

By the steamer *North Briton*, we have later European news. Politically, the news is unimportant, but by it we are informed that signals ceased to pass through the Atlantic Cable on the 6th. It was believed, however, that the difficulty was near the Valentia shore, and was such as could be remedied. The managers at Newfoundland informs the Directors at New York that the electricians have been unable to communicate with Valentia since the 1st of Sept.; yet they have no doubt but that the difficulty is at or near the Valentia office. The public will wait in painful anxiety for further information. The Liverpool market was steady and without important change.

The balloon which carried up THURSTON, from Toledo, on Thursday last came down in Canada West, shortly afterwards. The aeronaut is said to have been seen upon it a short time before it descended, and vigilant search was being made for him.

The trial of TOWNSEND, the alleged captain of the recently captured slave brig, is assigned for to-day. The offence with which he is charged is punishable with death.

The statement in the *Wisconsin's* telegraph of last evening, that the honorary directors of the Atlantic Telegraph, at New York, had resigned, is an error, as will be seen by reference to our report.

The New York market yesterday was heavy and drooping. Our own market was buoyant in the early part of the day, but closed heavy in consequence of the New York news.

The weather continues pleasant, though not near so warm.

Resignation of Judge Larrabee.

Judge LARRABEE, who was in our city yesterday, informs us that he has *resigned* his office of Circuit Judge. As we have heretofore stated, it was the Judge's original intention to have retained this office and continued to discharge its duties, notwithstanding his nomination for Congress. But he has yielded to the pressure of public opinion; many of his political friends in the Third District refusing to support him unless he resigned.

The vacancy thus created, will be filled by Executive appointment. The names of several prominent lawyers in the Circuit have been suggested as fit successors to Judge LARRABEE.

Mr. Buchanan's Message to the Queen.

Exception having been taken by some members of the Jewish persuasion to one particular paragraph in the Telegraphic despatch sent by President BUCHANAN to Queen VICTORIA, Dr. ISADOR KALISCH, Rabbi of the *Bne Jeshurun* Congregation in this city, wrote to the President for an explanation. Yesterday Dr. KALISCH called upon us to read the President's reply, and request its publication in the *Sentinel*. It is as follows:

WASHINGTON CITY, Sept. 11th, 1858.

MY DEAR SIR:—I have received you favor of the 5th inst., and permit me to say that in the construction of my answer to the Queen I think you are somewhat hypercritical. Most certainly I never intended, by using the expression, "All the nations of Christendom," to cast any reflection upon the Jews. Such an idea never entered my mind. Both as President of the United States and as an individual, I have ever been the advocate of Religious liberty and the perfect freedom of conscience. For many of your persuasion I entertain the highest personal regard, and I would be the last man in the world, either in an official document, or a private letter, to use any expression derogatory to their character, or calculated to wound their feelings.

Yours very respectfully,
JAMES BUCHANAN.
Rev. ISIDOR KALISCH, Milwaukee.

LETTER FROM CALEB WALL.—We have received an interesting letter from our follow-citizen, Mr. CALEB WALL, who has just returned from a visit to Illinois, giving us his views of crops, business and politics in that State. The pressure upon our columns compels us to defer its publication until to-morrow.

IMPORTANT ARMY ORDER.—An order has been issued by direction of the Secretary of War, which provides for the division of the present Department of the Pacific into two distinct departments—the Southern to be called the Department of California, with the headquarters at San Francisco, to be commanded by Brevet Brigadier General CLARKE, of the Sixth Infantry; and the Northern to be called the Department of Oregon, to embrace the Territories of Washington and Oregon, with the exception of Rogue River and Umpqua Districts, with the headquarters at Fort Vancouver, to be under the command of Brigadier General HARNEY. The great extent of the former Depatrment, and the consequent length of time necessary for the transportation of troops and supplies from one extremity to the other, are among the reasons which have induced this movement.

FRIGHTFUL CASUALTY—TWO CHILDREN CARRIED AWAY IN A BALLOON.—Mr. Wilson, who went up in the balloon from the Fair Grounds yesterday, landed near the residence of a Mr. Harvey,—about seventeen miles east of this city. While Mr. W. was temporarily absent from the balloon, two of Mr. Harvey's sons—one aged eight and the other four-and-a-half years—were accidentally carried away, helpless wanderers in the upper air. The particulars of this sad affair, brought to this place last night by Mr. Wilson himself are as follows:

Curiosity led the father and others, who had gathered around, to trifle with the balloon by allowing it to float as high as the cords attached would permit, and finally they were imprudent enough to let the boys get into the car, and float up and down—when, suddenly, the cords were taken from their hands and the Balloon, with the children in it, escaped. This occurred about dark last night, and the fate of the little boys is not yet known.—*Centralia (Ill.) Press, Sept.* 18.

This alarming accident, so similar to the one narrated in the *Sentinel* of yesterday, as occurring at Adrian, Michigan, had fortunately no fatal issue. The balloon, with its human freight, after remaining up all night, returned to earth in the morning, and the two little adventurers were cared for, and restored, safe and sound, to their anxious parents.

COLUMBIA COUNTY.—The following nominations were made by the Republican Convention in Columbia County last week

Senator—M. M. Davis, of Portage City.
Sheriff—Benj. Williams, of Randolph.
Treasurer—Geo. Ege, of Portage City.
Register—James Chancellor, Portage City.
District Attorney—L. W. Barden, of Portage City.
Clerk Board of Supervisors—J. Austin.
Clerk Circuit Court—A. Morehouse.
County Surveyor————Topliff, Otsego.
Coroner—G. W. Marsh, of Portage City.

NEBRASKA ELECTION.—The Nebraska *Republican* gives a list of the members elect of the new Territorial Legislature. The Council numbers five regular Democrats, and eight opposition members; the House, by our summing up, ten Democrats, and twenty-five opposition. The opposition is composed of Anti-Lecompton men and Republicans, with a few members who ran as as "Old Line Whig and Anti-Lecompton," "American and Anti-Lecompton," "Old Line Whig and Republican," &c.

FEARFUL LEAP.—The Cleveland *Plaindealer* of Saturday relates that a Mr. M. N. FULLER, a dissipated man, after knocking down twice one of the servants in his room, in the third story of the Weddell House, where he stopped, sprang out the window. Turning two sommersaults, he struck the pavement in a sitting posture, his head falling back against the iron railing. Drs. STERLING and GORDON were immediately at his side, who found him alive, but insensible. His collar bone (clavicle) is broken, and his cheek badly bruised. It is as yet impossible to ascertain the extent of his injuries.

TWO AMERICANS CONFINED IN A SPANISH PRISON.—An American sailor named WEEKS, writes to the N. Y. *Herald* from Seville, Spain, where he is confined in the Spanish State Prison.—He was second mate of the ship *Waverly*, which arrived at Manilla three years ago with a cargo of rebellious coolies on board, in conflict with whom the officers and crew committed great slaughter. He was condemned to four, and FRENCH, (the mate of the ship) to six year's imprisonment, and both are now in the chain gang at Seville.

BEARS.—These animals have been unusually numerous this season. Mr. DANIEL WEED, a farmer in Waupacca County, says he has kiled *seven bears* within the past two weeks in his immediate vicinity, and all within half a mile square. It seems that the bears are very fond of blackberries, which were quite thick and luxuriant about his place.

WINTER WHEAT.—The Washington County *Democrat* says there is a third more land sowed with winter wheat this fall than there was last year in that County. The same is the case in many other parts of the State.

The Missing Æronaut—The Balloon Heard From.

The anxiety to hear tidings of the missing æronaut, Mr. Thurston, is very great, pervading the entire community, giving rise to countless inquiries and many rumors. This forenoon the rumor was widely circulated that the balloon had descended in Canada, and that its precious freight, a human life, was safe! The tidings sent a thrill of joy to every heart. Some reports located the spot where the balloon had fallen in the woods near Bear Creek, in the vicinity of Lake St. Clair to the north of Chatham. Others made it at "the Puce," others still at Belle River, and others at the Baptiste Creek, all localities on or near the G. W. Railway.

We have made careful and extended inquiries upon the other side, sufficient to justify us in stating that the balloon has come to the earth, and further, in all probability, it was empty.—From a gentleman who was at Baptiste Creek on Saturday afternoon between 3 and 4 o'clock, we learn that a large balloon was seen to descend to the ground in the vicinity of a large tract of woods, across a wide marsh, some three miles from the station, early in the afternoon. This fact was told him by the Station Master, who at that time had heard nothing of the occurrence at Adrian, as had not the gentleman our informant. There was, therefore, no eagerness to furnish news or to feed excitement which would lead any person to exaggerate, but evidently the simple statement of a fact.

The gentleman being in haste to return to Windsor, and knowing naught of the interest attaching to this balloon, made no further inquiries and immediately left. The balloon was described as a large one, and is, there is little doubt, the same one that took up the ill-fated Thurston. What is his fate is still wrapped in as profound mystery as ever. If it shall prove, as there seems little doubt it will, to be empty, the fate of the æronaut is rendered almost certain. But whether it will ever be known for a certainty may well be questioned.

The balloon was seen at Chatham about 2 o'clock Saturday afternoon, so it was thought, by the telegraph operator. It was about as large in appearance as a kite, and was thought to be such until the news of this affair reached there.

By an unfortunate haste, the first rumor of the safety of Mr. Thurston was telegraphed to Adrian this morning, to revive the dead hopes of friends only the more cruelly to crush them again. The best that it seems possible to hope now is, that the body may be recovered and the exact story of his fate thus be revealed.

It is a little singular that this Mr. Bannister, companion of Mr. Thurston at the time of this occurrence, two years ago made an ascent from the same place, when, throwing out ballast too freely, he almost immediately rose out of sight, and was not heard from for two days. His balloon became unmanageable and himself nearly perished with cold, having frozen both hands and feet. He twice saw Lake Erie pass beneath him, and finally landed in Pennsylvania, near Beaver, having made, involuntarily, the longest trip ever made in America.

P. S. Mr. Bannister was here this afternoon and has gone on to Baptiste Creek. He is full of confidence that his friend will yet be found, and alive. He thinks that the gas would so far expand that the balloon would come down by Friday, certainly, and his opinion is that Mr. Thurston was so situated that he would be able to hold out. He still thinks he will find him alive, but in a greatly exhausted condition.—*Detroit Tribune, Sept.* 20.

The Grain Trade of Chicago.

The receipts at Chicago during the last week have been 15,329 bbls. flour, 257,219 bus. wheat, 311,161 bus. corn, and 16,105 bus. oats, making 661,130 bushels of grain. The total receipts of this season are now 328,887 bbls. flour, 7,680,078 bus. wheat, 7,096,138 bus. corn, and 1,836,868 bus. oats, making a total of *over eighteen millions bushels of grain*, namely—18,205,019 bushels. At this time last year the receipts amounted to 173,129 bbls. flour, 4,751,984 bus. wheat, 5,811,701 bus. corn, and 733,687 bus. oats, making a total of 12,261,420 bushels of grain. The receipts of this year therefore up to this time are six millions of bushels more than those of last year.

The shipments during the last week have been 16,189 bbls. flour, (the largest amount of flour exported hence during any week this year,) 226,129 bus. wheat, 244,534 bus. corn, and 20,000 bus. oats. making 571,708 bushels of grain. The total shipments of the season are now 236,356 bbls. flour, 6,929,045 bushels of wheat, 6,332,952 bus. corn, and 1,212,090 bus. oats, making a total of nearly *sixteen millions of bushels of grain*, namely—15,855,867 bushels. At this time last year the shipments were 91,804 bbls. flour, 4,762,838 bus. wheat, 6,510,519 bus. corn, and 215,634 bus. oats, making 12,017,269 bush. of grain. It will be seen that the shipments of corn were slightly greater last year, but the total shipments of this year up to this time are 3,800,000 bushels greater than those of last year.

Wheat sold here yesterday at $1,16 for white winter in store; $1,08 for No. 1 red winter in store; and 75a78c for No. 2 spring. It is rather a singular coincidence that this was the price of standard spring wheat on this day twelvemonth.—*Chicago Times, Sept.* 21.

COMPLETE REPUBLICAN TRIUMPH IN MAINE.—A dispatch from Bath, Maine, received late last night, assures us that French, (Republican) is elected to Congress from the Third District over Johnson, (Dem.) by 35 majority. This makes the delegation all Republican. Somers in the first district has 234 majority.

The Democrats have elected *one* (in Aroostook) of the thirty-one Senators. The rest are either Republicans or no choice, which assures them to the Republicans when the vacancies are filled.

To the House, the Kennebec *Journal* reports 92 Republicans to 31 Democrats elected—28 to come in.

Gov. Morrill is re-elected by over 9,000 majority. The vote is much heavier than last year.

This Legislature is to elect a United States Senator for six years ensuing. It is generally understood that the Hon. Wm. Pitt Fessenden will be re-elected.—*N. Y. Tribune, Sept.* 18.

THE BALLOON ASCENSION.—The two children that went up in the balloon accidentally, about 12 miles from Centralia, on Friday last, we are happy to learn, have reached terra firma in safety. They were up all night, and landed 30 miles from the place they started from. They were taken in and cared for by a farmer. The smallest one laid down and went to sleep, while the other worked at the escape valve, which brought them down.—*Chicago Times, Sept.* 21.

From the Waukegan Gazette.

Destructive Fire at Wauconda, Lake County—Two Mills Burned.

Early on Thursday morning last, the large steam Flouring and Saw Mills, at Wauconda, belonging to Messrs. Kimball and Burbank, were discovered to be on fire. Before being noticed the fire had made such rapid headway as to make it impossible to stay the flames, or even to save the least amount of the valuable property that was stored in the mills, a large quantity of Flour having been made ready to ship the next day.—The Flouring Mill was considered one of the best in the country, was nearly new and in fine running order. The fire, it appears, was first discovered in an addition attached to the saw mill and some twenty or thirty feet from where any fire had been used the day previous, and occurring at the hour it did, leaves little doubt on the minds of the proprietors that the mills must have been set on fire. The loss will exceed $10,000, against which, not one cent of insurance was held. This is a most severe loss and must fall heavily on the owners. Mr. Kimball, one of the members of this firm, is Supervisor from the town of Wauconda, and at the time of the fire was here at Waukegan attending to his official duties.

ANOTHER FATAL ACCIDENT FROM BURNING FLUID.—Last evening, between 10 and 11 o'clock, another terrible and probably fatal accident occurred from the careless use of burning fluid.—A man named Gross, a German, keeping a lager beer saloon on West Madison street, between Canal and Clinton, attempted to fill a lighted lamp with burning fluid, and as usual in such cases the flames communicated to the stream, and the can instantly exploded, scattering the flaming substance in all directions. Gross himself was severely burned, as also his wife, and a little daughter aged eight years, the latter so badly that she cannot possibly recover. When will people learn to have care in the use of this substance? A person can no more fill a lighted lamp with safety than he could pour powder from a flask upon lighted coals.—*Chicago Dem. Sept.* 21.

EN ROUTE FOR FRAZER RIVER—DEPARTURE OF THE FARIBAULT PARTY FROM PEMBINA.—James M'Fetridge, U. S. Collector at Pembina, and Mr. Sargent, of Selkirk Settlement, arrived in this city yesterday, in ten days from Pembina.

We learn from these gentlemen that the party from Faribault, headed by Mr. Hinde, and consisting of nine persons, left Pembina on the 15th of August, for Frazer River. The party procured guides and provisions at Selkirk Settlement. We are informed there is no doubt but that they will be able to cross the mountains in fifty days from Pembina. They are accompanied by several experienced traders and voyageurs, and will take the Hudson Bay Company's route from the Red River to the Pacific.—*St. Paul Pioneer, Sept.* 18th.

DROWNED.—The Waukegan *Gazette* brings us an account of a casualty on the Lake, a little north of that port. Four young men of Waukegan were on a fishing excursion in a boat, which, being a frail one, and too heavily loaded, got swamped and sunk. Three of the party saved themselves by swimming to the shore, but the fourth, named George Feukle, was drowned.—His body was recovered. He was 22 years of age, and was a young man of much promise.

FOR CHICAGO.—Steamer *Traveller* leaves every evening, (excepting Saturday,) from Johnson & Olmsted's Dock, at 9 o'clock.

FOR TWO RIVERS.—The steamer *Forester* leaves every morning, (excepting Sunday,) at 7½ o'clock, from same place, for Two Rivers, stopping at Port Washington, Sheboygan and Manitowoc.

Propellers.

FOR BUFFALO.—A line of propellers run to and from Buffalo, one of which leaves this city daily.

FOR OGDENSBURGH.—A tri-weekly line of propellers also run to Ogdensburgh.

GRIFFIN & BRADLEY, at the foot of East Water street, are the Ticket Agents for both of these propeller lines.

FOR COLLINGWOOD.—A tri-weekly line of propellers run to Collingwood, stopping at intermediate ports, and leaving this city on Sunday, Wednesday and Friday of each week. L. D. JEROME, Agent.

Second Ward High School.

It may not be generally known that the Board of School Commissioners of this city, has, within the past few days, organized a High School department in the Public School building of the Second Ward. This building, which is a duplicate of the Seventh Ward High School building, is located on an elevated position, at the corner of Chestnut and Ninth Streets. The streets leading from it to all the settled portions of the city are graveled, and the sidewalks planked.

Mr. L. P. LARKIN, late professor and vice president of Alfred University, of the State of New York, has recently been selected by the Board of School Commissioners, to take charge of this school, and it was duly opened on Monday last for the reception of pupils.

While the name of Prof. LARKIN is before us, we would simply say that the patrons of the Second Ward High School are very fortunate in having secured the services of one so well known and so thoroughly identified with the important subject of popular Education. Prof. LARKIN is a thorough scholar, has had the degrees of two different colleges conferred upon him, and has secured a special certificate from the School of Philosophy of Yale College, since which time he has studied three years in a distinguished Seminary in the city of New York.

In 1849 he established Union Academy, of New Jersey, now one of the best schools of that State, and well known for the attention bestowed upon Agricultural Chemistry. In 1852 he accepted a situation in Mad. CHEGARAY'S French School, in the City of New York. In 1854 he was elected Professor in Alfred University, New York, which situation he held until he was elected Principal of the Second Ward High School.

Miss E. ELVIRA REYNOR, first assistant teacher, is a graduate of the Alfred Female Seminary,—has had much experience as a teacher in New York—and earned an enviable reputation in the same capacity, in Shelbyville seminary, Kentucky, from which she was called to teach in her *Alma Mater.*

Miss WHEELOCK is a grand daughter of the late Prof. BUCK, of this city and a graduate of the Newbery Female Institute, at Newbery, Vermont, and has for the past few years taught an excellent school in this city.

Miss MINER is a graduate of Oberlin College—has passed through a thorough drill and has for the past year had charge of the English Department, in one of the German schools in this city.

With a Board of Teachers of such well known ability and past success, there is no reason why a High School of the first order should not spring up in the Second Ward, if they have the material to work upon, and if they have not, the fault must rest with the citizens on the West side of the river. As it is well known that the Grammar Schools of that section, taking into account the students from them, now in attendance upon the Seventh Ward High School, contain more than sufficient to sustain that Department. In a pecuniary point of view, those living and holding property on that side should sustain the School. There is no one advantage more fully appreciated than the vicinity of a good school. It should be borne in mind that an examination of candidates for seats in this School will be held again, on Thursday of this week, at half past one o'clock, when all who wish can present themselves. As the School is under charge of the City government, there is no charge or expense, except for books, to those who by diligence and study gain seats therein.

THE DRY GOODS PALACE OF EAST WATER STREET.—Yesterday we had the pleasure of looking through the extensive dry goods establishment of J. L. DAVIS, No. 173 East Water street, so well and favorably known to the public. As Mr. DAVIS is just filling his shelves with a splendid stock of new goods, both foreign and domestic, and as he is up to his eyes in business, we deem the opportunity a good one to give our readers a description of his establishment, as it appeared to us. No lady, we venture to say, has passed up or down East Water street since DAVIS' palace was first opened, about a year or so ago, without being involuntarily attracted to admire the rich and beautiful goods which hang in graceful elegance about its entrance, and adorn its costly show-windows. The outside appearance, however, will only give one a faint idea of what is to be seen within. The store is one of the largest in the city, and it is fitted up with great taste, and filled with as elegant a stock of goods as could well be seen. The first floor is devoted to the retail trade, and it is large enough to readily accommodate *forty customers* at once.

The whole time we were there the clerks were all as busy as bees flying round behind the counters, and Mr. DAVIS informed us that they all had as much as they could do usually during business hours. A sure sign of the improvement in the times is the fact that the retail dry goods trade has increased at least fifty per cent within the last two months.

Mr. DAVIS has just replenished his entire stock, and a richer and more variegated assortment than now fills his palatial establishment, no one could desire to examine. To describe one-half of what we saw there, and we did not see one-half of what was there, would be a task that we do not feel disposed to undertake; suffice it to say that his stock of ladies' dress goods comprises every variety in use, both of silk, woolen and cotton, ranging from the most costly, to those of common wear.

In Mr. DAVIS' new stock of silks are some particularly rich patterns which it would be well for our lady readers to take a look at, before purchasing elsewhere, in as much as they embrace the very latest styles from the metropolis of fashion. Mr. DAVIS has also a very attractive assortment of embroidered goods, some of which are extremely beautiful and worked with great skill.

From the first floor we pass up stairs into the second story. As we reached the top of the stairs, here to our left hand, in the east end of the long room, is an apartment for the display of shawls, cloaks, mantillas, &c., &c., and here is DAVIS too, his countenance beaming like a rising moon, as he exhibits some elegant shawls of a new style to a group of admiring ladies. In the opposite part of this story is the wholesale department. Here are two of his gentlemanly assistants waiting upon a brace of country merchants who are selecting their fall stock of goods.

The stories above this are used for store rooms and they are now filled to their utmost capacity, with every variety of yankee notions. Mr. DAVIS' business is so rapidly increasing that he finds it necessary to keep an experienced buyer constantly stationed in New York, who watches every turn of the market and is thereby enabled to purchase goods much below the usual cost.

A WELL FURNISHED STORE.—Mr. EDWARD TRUSLOW, wholesale dealer in foreign and domestic fruits, teas, tobacco, fish, &c., has just published a neat and very complete catalogue of his stock. His store, No. 119 East Water street, is filled with a choice assortment, mainly selected by himself in New York, and purchased on terms that admit his offering great bargains to customers. As he constantly replenishes his stock, by purchases in New York, and guarantees every article that he sells, country dealers and others will do well to give him a call.

Mr. M. S. DOUGLASS, formerly of DOUGLASS & YOUNG, is connected with the sales department and will be glad to see his old friends and customers at 119 East Water street. Mr. TRUSLOW is a new comer here and has commenced in the right way. We do not doubt that he will secure a handsome business and are confident that all who deal with him will thank us for calling their attention to his store and stock.

THE POST OFFICE CHANGE.—Great was the dissatisfaction expressed last evening, by the crowds who thronged the Post Office, after the windows were closed. We suggest to our worthy Postmaster, that the mistake is in leaving the doors open after the windows are closed. Shut them all out if you shut any out. Not one in forty have drawers, and to admit them, and let them see they have mail and can't get it, is only provoking epithets on your head. Leave it all open until 8:30, or close it all up at 8 o'clock, say we. —*Free Democrat.*

That is our opinion, Colonel. Serve us all alike and people won't complain. We still think that our suggestion of a "compromise," so as to keep both "doors" and "windows" open till half-past 9 P. M., is a sound one. Let us add another. If the P. O. is only open for one hour, Sundays, let this hour be from 12 to 1 P. M.—The present time, 9 to 10 A. M., is most inconvenient.

PARADE OF THE FIRST REGIMENT, WISCONSIN MILITIA.—The Annual Inspection and Review of the First Regiment, Wisconsin State Militia, will take place in this city on Wednesday next, Sept. 29th. There are now *ten* uniformed companies belonging to the Regiment, and it is expected that they will all be out in full force on that day. Should the weather be favorable, the show, no doubt, will be a fine one. It is proposed to spend the day in various military exercises.

☞ Wm. Tooper, entry clerk in the Naval Office, at Milwaukee, and Emmet Fay, liquidating clerk in the same department in the Custom House, who were removed by Austin Birdsall, Naval Officer, in July last, have been reinstated with full pay, by order of Howell Cobb, Secretary of the U. S. Treasury.—*Chicago Herald.*

No such appointments, or removals have been made in Milwaukee. They belong to New York. The *Herald* was doubtless betrayed into this blunder by the *Wisconsin*, which dressed up the above piece of old news, the other day, as a "local item."

TO ICE CONSUMERS.—J. W. Allen desires us to say that his ice is all out, in consequence of the effect of the freshet last spring. He is endeavoring to procure a supply from Chicago, and if he succeeds, will commence delivering it to his customers, as soon as it is received.—*Janesville Gazette.*

A very large quantity of ice was saved here, last winter, more we think than our people can possibly use, and Mr. ALLEN would probably find it to his advantage to get his supply from this city.

CHURCH FESTIVAL.—There is to be a public tea party, in the basement of the Summerfield Church, to-morrow evening, the proceeds of which are to be applied to the aid of the Church. The tables will be furnished, and presided over by the ladies of the Congregation, and a fine supper served up at eight o'clock. It will undoubtedly be a pleasant gathering, and the community at large are invited to aid the ladies in their good work, by attending the festival.—Tickets will be sold at the moderate price of fifty cents.

MILITARY PARADE.—The German Companies attached to the First Regiment, and possibly one or two others, go out, this morning, on a Target excursion, to Capt. LEIBHABER'S farm. They meet on Market Square, at 9 A. M.

Common Council Proceedings.

MEETING OF THE BOARD OF ALDERMEN.

The Board of Aldermen held their regular meeting on Monday night. The Mayor being still absent, J. A. Phelps, President of the Council, presided. Accounts were presented, and referred to appropriate committees.

Ald. De Vos presented an appeal from Charles Quentin, against an assessment for benefits made by the Street Commissioners, for filling the alley in front of lot 14, Block 132, 4th Ward, which was referred to the Joint Local Committee of that Ward.

Ald. De Vos presented a communication from Charles Quentin, setting forth that he is the owner of the South 2½ acres of the W. 30 of the E. half of the N. W. one-fourth of section 20 in the Ninth Ward, and that before building upon or disposing of the same, he would offer the city an opportunity of acquiring the fee simple of the grounds for a public park; to favor which object he would charge only a very moderate price per acre, besides the cost of his improvements. On motion of Alderman De Vos the communication was refered to a Select Committe of the consisting of Aldermen De Vos, Plankinton and Keough.

A number of petitions were presented, and appropriately referred.

The Chair presented a communication from the assessors, with there accounts for making assessments of the nine Wards of the city, amounting to $2,250, which were referred to the Finance Committee.

Ald. Carroll presented a remonstrance from J. D. Dolan and others against extending the alley through block 98 in the Third Ward, which was referred to the Street Commissioners.

The Chair presented a communication from the Comptroller accompanying another from Messrs. Chase & Sons, Buffalo, relative to two Comptroller's notes held by them amounting to $600 payable on the 4th of March last, but which remain unpaid. Referred to the Finance Committee.

The following resolutions adopted by the Board of Councillors were taken up and concurred in:

A resolution to pay Edward Schumacher on account of his bill for services as City Surveyor, $50 chargeable to the Seventh Ward; another for $200 chargeable to the Fourth Ward; another for $400 chargeable to the Ninth Ward; another for $100 chargeable to the Second Ward Fund.

A resolution adopting the recommendation of the Street Commissioners for filling Division street from East Water street to the abutment of the Chestnut street bridge.

A resolution extending the time on the contract of C. Hermann, for grading on William street to the first of October; also in Plankinton's Addition; also the contract of David Knabb, to first of December for filling the public square, in the Second Ward.

The report of the Judiciary Committee of the Board of Councillors, respecting the suit of the Town of Milwaukee against the City of Milwaukee in relation to the Alms House Lot, and the accompanying resolution instructing the City Attorney to interpose a defence in behalf of the city in said suit. The report of the same committee respecting a donation of land as a site for a House of Refuge. Also a resolution to set apart (on certain conditions) a piece of land in the forty acre tract for that purpose.

A resolution that the City Comptroller be instructed to keep a separate account for all orders countersigned for work done before April 6th, 1858.

A resolution requesting the Street Commissioners to recommend that 9th street from Walnut to Beaubien street, in the Ninth Ward, be graded to the established grade.

A resolution that the Street Commissioners be instructed to recommend the planking of 1st Avenue, from Elizabeth street to the Waukesha plank road, in the Eighth Ward, was amended by the Board of Councillors, by striking out the words "the Waukesha Plank Road," and inserting the word, Park street. On motion the amendment was concurred in, and the resolution so amended, adopted.

A resolution that the Chief Engineer and Comptroller be instructed to sell the old machine of Engine Company No. 2, was referred to the Committee on Fire Department of this Board.

A resolution that the City Clerk be instructed to deliver to Messrs. Broener & O'Leary the city orders, amounting to $8,548,46, now on the order book, signed by the mayor, taking their receipt for the same, to apply on their contract for the construction of the Chestnut Street bridge, was the subject of a long discussion. The City Clerk stated that the resolution by which the above mentioned orders were directed to be issued, instructed him not to deliver them, unless Messrs. Broener & O'Leary receipted for them as being in full payment for all demands, which they refused to do, stating that they had a claim against the City of $356,58, for discount on orders which they had to dispose of below par. Finally, Ald. Plankinton moved that the matter be referred to the Bridge Committee, in connection with the Finance Committee, which was adopted by a vote of 5 to 3.

A resolution that Frederick Dressen be appointed to fill the vacancy of constable, in the third ward, was referred to the City Attorney, on motion of Ald. Phelps, to know whether the Common Council, in separate session, could legally make the appointment.

A resolution that the Mayor and City Clerk be directed to sign and issue warrants on the City Treasurer, drawing ten per cent. interest, for $15,046,92, the amount of the bill of Messrs Hasbrouck & Co, and endorse the same on their contracts for dredging the middle ground of the Milwaukee River, Ald. Carroll moved that it be referred to the Harbor Committee of this Board in connection with the Financial Committee. Ald. Carroll's motion was lost, and the resolution was then concurred in on motion of Ald. Keogh.

The resolution to purchase a lot for Engine Company No. 7, was, together with a remonstrance against the location of the same, as recommended by the Committee of the Board of Councillors, referred to the Joint Local Committee of the Fifth and Eighth Wards.

A resolution adopting the recommendation of the Street Commissioners to dock Beech street in front of one or two lots, was, on motion of Alderman Carroll, referred to himself.

The Joint Committee on Police, to whom had been referred the petition asking the Council to put a stop to Sunday dancing signed by three thousand citizens, reported back the petition without action, having failed to come to any agreement on the subject. The report was accepted, and the petition lies on the table subject to be called up at any time.

An ordinance, permanently establishing the grade of Spring street, in the Fourth Ward, received its third reading and passed.

After the allowance of accounts, and the transaction of some other general business, the Board adjourned.

THE CONCERT LAST NIGHT.—Our Musical Society rendered the "Oratorio of the Creation" last night, at Albany Hall, in the presence of the largest audience that has ever before attended a musical entertainment in this city. The Concert was a most perfect success in every respect, and may be considered the opening of the season.—What further remarks we have to say about it we must necessarily reserve until our next issue.

LATEST NEWS!

BY MAGNETIC TELEGRAPH.

Arrival of the North Briton—Intelligence of the Atlantic Cable.

QUEBEC, Sept. 21.

The steamer *North Briton* from Liverpool, on Wednesday, the 8th inst., arrived at this port this morning, having been detained below over night by the storm. Though the political intelligence, generally speaking, by the *Briton*, is not of importance, there are some points of marked interest, especially in relation to the Atlantic Telegraph. The royal mail steamship *Niagara*, from Boston and Halifax, arrived at Liverpool on the 4th inst. The screw steamer *Great Britain*, from New York, arrived at Liverpool on the 7th inst.

The cessation of signals through the Atlantic Cable, was announced in London on the 6th, but no particulars had been given to the public. It was believed, however, from what had leaked out, that the difficulty was near the shore and remediable. The non-working of the cable had caused a decline in the shares to a nominal quotation, four hundred to five hundred pounds on a par value of £1000. In addition to the above, we can state that the New York honorary directors of the Atlantic company have to-day received a dispatch from the superintendent of the line in Newfoundland, who states that the electricians have been unable to communicate with Valentia since the 1st of September, but the electrical manifestations are such that leave no doubt but that the difficulty is at or near the Valentia office. Signed, REPORTER.

A grand banquet in honor of the Atlantic Cable was given at Killarney on the 7th of Sept. Chas. P. Bright, the engineer of the Telegraph Co., had been Knighted by the Lord Lieut. of Ireland.

Queen Victoria had opened the town hall at Leeds. The proceedings were attended with great eclat.

The indemnity from China to France and England for the expenses of the war, is believed to be considerably greater than was reported via Russia.

The weather had been favorable for the crops but the market for breadstuffs was generally steady. Liverpool provision market was quiet, and rates no material change. Consols quoted at 96½a96¾ for money. London Money Market very slightly easier.

The steamship *Northern Light* was to leave Southampton for New York on the same day as the *North Briton*.

GREAT BRITAIN.—The cable was announced in the English papers of the 6th in shares, the only prices were being £400 to £500 without operators. The London *Times* says that a similar difficulty was understood to have occurred temporarily, a short time since, and the hope is that the accident is merely one of those to which the cable must be liable until the necessary measures shall have been completed for protecting the portion near the shore.

Some disagreements between the electricians and board of directors have latterly existed and these, it may be presumed tend, to embarass the general proceedings. Mr. Whitehouse, who styles himself electrician in chief, and one of the four original progenitors of the cable writes to the *Times*, that he believes the injury to the cable to be in the home end, which he has foreseen and had on one occasion repaired. He apprehended that there is little cause for anxiety and thinks there is nothing in the obstructions calculated to damp the most sanguine hopes of ultimate and complete success. Whitehouse complains of the summary manner in which he has been dismissed from the service of the Company.

The telegraph between England and the channel islands had been formally opened.—There was a remarkable increase of ease in the discount market, and it was very difficult to obtain any terms for short means. Messrs. Archibald, Longrave & Co., Australian merchants, had suspended for about £60,000. Gold was flowing into the Bank of England.

LONDON Wednesday, Sept. 8.—The Daily News' city article of last evening, says the funds were strengthened to-day by an extraordinary and rapid rise in the Paris Bourse.

The stoppage of John Plows & Co, of London and Rio, with considerable liabilities, has been announced.

The Montgomery liquidation is expected to prove unfavorable.

The *Times'* city article of last evening says the funds have improved a quarter per cent. About 1,400,000 pounds was sent in to the bank yesterday.

FRANCE.—An official report of Prince Napoleon, Minister of Algeria, on the condition of that colony is published. He expresses a desire to replace as far and as soon as may be safe, military by civil government.

The latest accounts show a gradual improvement in commercial affairs.

The French wine and brandy market had a drooping tendency.

A duel with swords between Parisian journalists. Messrs. Delevan of the *Sickles*, and Bandin, of the *Payes*, terminated without harm to either.

A telegram from Paris reports a dreadful railway accident on the night of St. Germaine, stating seven killed and wounded.

Prince Napoleon goes to Algiers about the 20th of August.

GERMANY.—The German papers give a rumor that Queen Victoria will visit Berlin, to be present at the accouchment of her daughter.

RUSSIA.—Letters from Warsaw mention that three ships of war were on the way from St. Petersburg to the Gulf of Tartary, in order to join the squadron on the Amoor river, which has recently received reinforcements of seven vessels.

Details of a great fire in Astrachan show that 12 houses and 17 quays were consumed, with various articles, principally timber, all destroyed, as well as a great number of boats. The number of lives lost was not ascertained.

TURKEY.—Religious fanaticism continues to prevail in the East. At Elipbo a perfect panic prevailed for three days; the Musselmen armed themselves and the city was destroyed. No serious loss of life, however, occurred; the authorities taking measures to prevent it. At Tripoli a similar panic prevailed, and was only dissipated by the arrival of a man-of-war in port.

It was stated that Russia and France would support the project of obtaining from Turkey the cession to Montenegro, of a small Port on the Adriatic, and through which the Montenegros may communicate with the world without. Lord Stradford de Redcliffe had started for Constantinople, and amongst the numerous missions attributed to him by rumor is the thwarting of this project.

The Brussels *Norde* publishes a rumor from Alexandria, that the consular agents from Austria, France, U. S., and Greece, in the Archipelago had been assassinated. The English Consul is said to have saved himself by jumping from a window. The report lacks confirmation. Indeed, an authentic contradiction is said to have reached the French government.

LIVERPOOL MARKET.—Breadstuffs.—Richardson, Spence & Co., quote flour firm with an advance on fine qualities of 6d, in some cases. Western 20s 6da21s, Philadelphia and Baltimore 21sa22s 6d, Ohio 22s 6da 23s. Wheat, steady, red western was quoted 5s 6da6s 5d, do southern 6s 3da6s 5d, white western 6s 3da6s 5d, do southern 7sa7s 4d. There has been a slight advance in all kinds of Baltic wheat. Corn, very dull but nominally unchanged; yellow quoted at 30sa33s 6d, white 34sa34s 6d.

Provisions.—Beef dull. Pork there was little doing. Bacon inactive.

LONDON MARKET.—Breadstuffs dull but steady. Sugar quiet and quotations were barely maintained. Coffee firm. Tea steady. Money market slightly easier; Consuls on the 7th at 96⅝a96⅞ for money and 97 for account. In American securities there was little doing and prices were steady.

Supposed Safety of Thurston the Aeronaut.

DETROIT, Sept. 21.

The Balloon which carried off Thurston, the Æronaut, on Thursday last, came down four hours afterwards, near Baptiste Creek, C. W.—Thurston was seen upon it a short time before it was secured and is probably now in the marshes near Lake St. Clair. Search is being made for him, and great excitement prevails the whole community.

Trial of Capt. Townsend of the Slaver Echo.

BOSTON, Sept. 21.

The second examination of Townsend, alleged master of the slave brig Putnam, alias Echo, is assigned for to-morrow, before U. S. Commissioner Loring.

It is rumored that the defence will be, that Townsend was only a passenger, and that the real master of the brig was a Spaniard now imprisoned as one of the crew, in Charlestown, Mass. Mrs. Townsend has visited her husband in jail, and it is said that several parties in New York, have been anxious to have an interview with him.

NEW YORK, Sept. 21.

The Vanderbilt Democratic bolters have nominated Edwid Litchfield for Congress, in Taylor's Dist.

Washington Matters.

WASHINGTON, Sept. 21.

Messrs. Chubb Bros., Bankers and Brokers, who suspended payment yesterday, report the liabilities to Washington depositors at $15,000 and their assets ample. They continue their collection and commission business, hoping at an early day to arrange with their creditors. They make no assignment.

The joint commissioners for running the boundary between the U. S. and Texas, will not commence operations till spring.

The Secretary of the Navy has decided that tamarinds preserved in sugar are subject to a duty of 30 per cent, cotton sacks with tops 25 per cent., and spring steel the same rate of duty.—The Secretary of the Navy received a despatch this morning, stating that the *Niagara* with the captured Africans left Charleston last night for Africa.

Maine Election—Final Result.

BATH, ME., Sept. 17.

Complete returns from the third district render certain the election of French (Republican) by from 35 to 50 majority. The majority for Governor Morrill in the State will reach about 11,000.

Heavy Fire in New York.

NEW YORK, Sept. 19.

The cabinet factory, of Benjamin Woodhouse, on Renwick street, was burned last night. It occupied three six-story buildings, which, together with their contents, were entirely destroyed. Several adjoining buildings were damaged. The loss of Mr. Woodhouse is $50,000.

More Burning at Staten Island.

NEW YORK, Sept. 20.

The temporary buildings erected by the Health Commissioners, outside of the quarantine, for the accommodation of sick islanders from the infected districts, were burned last night.

Republican State Convention,

A REPUBLICAN STATE CONVENTION will be held at the Assembly Hall in the city of Madison, on Tuesday the 5th day of October next, at 2 o'clock P. M.

The objects of the Convention are to confer generally upon the interests and welfare of the party; and take all needful measures to insure its harmonious and vigorous action, and the perfection of its State and local organization, and also such other matters as may properly come before it.

It is recommended that each Assembly District send two delegates, and it is hoped that good and true Republicans from all parts of the State will attend and aid the Convention by their presence and counsel.

The "Artful Dodgers."

Even the *News* is ashamed of the course pursued by the Democratic Congressional Conventions, in deliberately ignoring the issues of the Fall Campaign, and copies approvingly "the severe, but well-merited reproof administered by the "*Sentinel*" to these "Artful Dodgers."—The *News*, no doubt, desired that these Conventions should take ground openly in favor of DOUGLAS, and against BUCHANAN. But though the DOUGLAS men were in sufficient force to control the nominations and prevent any endorsement of the Administration, they did not feel strong enough before the People to risk a formal declaration of war. Besides they knew that without the votes and influence of the BUCHANAN men they had not a ghost of a chance in the State. Hence their *mum* policy.

The BUCHANAN men, however, are not satisfied with this. They don't like the selection of DOUGLAS candidates. They don't like the idea of sending to Washington, as Democratic Representatives, men who belong to the other wing of the party and who, of course, will seek to obtain Federal favors and offices for those of their own tribe. But least of all are the BUCHANAN men pleased with the entire and concerted silence of the Democratic Congressional Conventions as to Mr. BUCHANAN and his Administration. This is the first time in the political history of the State, that such an indignity was offered to the Chief Magistrate of the Republic, by the Conventions of his own party. Very naturally, therefore, does the Wisconsin *Pinery*, speaking for the BUCHANAN men, thus indignantly protest against the injustice, the cowardice and the mischievous policy of such a course:

> These proceedings are *equivocal, and entirely unworthy the usages of the honest democracy.*—The design is doubtless *to repudiate the National Administration.* If so why had they not the manliness—the honesty to say so?—their refusing to make some plain declarations, in regard to it, *is an attempt at a practical fraud on the rank and file of the party.* We know, and so did the members of the several conventions, that while there are many, especially among the *soi disant* leaders of the democratic party, who love the treason of Judge Douglas, that the great democratic heart of the party in this State, still beats true to the great statesman they elevated to the Presidency in 1856, and to his faultless administration of the affairs of the Nation.—These voters, who have hitherto stood by us with their noble ranks, will be struck back with shame at the craven spirit of their leaders in the conventions, and will many of them think it hardly worth while to inquire as to who the men are that are attempted to be stood up before them for their suffrages on——nothing.

Well may the *Pinery* denounce this "*practical fraud on the rank and file of the Party.*" Well may it censure the dishonest and unmanly tricksters who hope, by this artful dodge, to avoid a frank and plain declaration of political sentiments. But will the party, whom the leaders have thus attempted to *cheat*, submit to the imposition? Will the "rank and file" overlook the "*fraud*" which has been perpetrated? Or will the People at large give their suffrages to candidates, who seek to conceal their principles from the public eye, and are stood up before them "on nothing?" Are such the men to represent Free Wisconsin in our National Councils?

How Does He Stand?

We hear that Judge LARRABEE, being interrogated by a prominent DOUGLAS Democrat at Beaver Dam, last week, *positively denied* having stated, in his speech at the Fond du Lac Convention, that he was a "National Democrat" and should sustain the Administration. On the contrary, he gave his interrogator to understand that he was both anti-Lecompton and anti-Buchanan. This is the DOUGLAS side of the story.

Per contra, we have the authority of the Fond du Lac Democratic *Press* and the assurances of U. S. Marshal THOMAS and other prominent BUCHANAN men, who were at the Convention, for the statement that Judge LARRABEE did distinctly avow himself to be a National Democrat and pledged himself, if elected, to sustain the Administration. This is the BUCHANAN version.

Here are Judge LARRABEE's two faces. He cannot wear both through the canvass. One, or the other he must drop. Which is it to be?

Look at Home.

The *News* pretends to feel very indignant at the Americans and Republicans in New York, for proposing so to amend the Suffrage Law as to require six months' or a year's residence in the State, after naturalization, as a qualification for electors. But it thinks it a very small affair, and not worth talking about, that Judge DUNN, its candidate for Congress, proposed to require of foreign-born electors, not six months' or one year's residence, but *five years*, before allowing them to vote. The *News* is prompt enough to overlook, or excuse this attempted "proscription" in Judge DUNN, but tries to make amends by denouncing the action of the Republicans in New York. We cannot accept the one as an offset for the other. Let each be judged upon its own merits.

WELL DONE JANESVILLE.—The Republicans of Janesville opened the Fall campaign in a handsome style on Monday last. The occasion was a special election for Mayor, and the candidates were Mr. HUDSON, Republican, and Mr. HAZELTON, Democrat—both strong nominations. The *Gazette* of yesterday thus tells the story:

> The following are the returns of the election of yesterday. THE RESULT IS ALL RIGHT! Our rooster comes out, head up, for a jolly good crow. The friends of Mr. Hudson worked well and achieved a telling victory. The best interests of the city have been nobly sustained.

NOT PLEASED WITH OUR PLATFORM.—The *News* professes to be greatly disgusted with the resolutions adopted by the Republican Congressional Convention, but takes care not to publish them. From which we infer that the *News* finds it a much easier task to misrepresent, than to answer, the doctrines set forth by the Republicans.

The Issue between Douglas and Buchanan.

The Washington *Union* perseveres in its zealous labors to enlighten the Democracy of the country at large, and Illinois in particular, as to the meditated treason of Senator DOUGLAS to the party and to the Administration. A recent article, discussing, at length, the questions involved in the Illinois contest, closes thus:

> Mr. Douglas is the nominee of no party. He has the endorsement of no Convention. He represents no political organization. What, then, is his real position in the present canvass? Acting last winter in opposition to his former party, he returned home and demanded the endorsement of the people of Illinois of his apostacy. He calls for a vote of condemnation upon the President and both houses of Congress. He asks that he may be sustained in his acts of *opposition* to the Democratic party. He repudiates the principles of the Dred Scott decision, because they were not directly embraced in the judgment of the case upon the record, declaring all else to be the mere *dicta* of the judges. He is a technical lawyer and a vagrant politician. He will confine the court to the issue, but will himself be bound by no law, party, or principle.

In this State, as in Illinois, the followers of Mr. DOUGLAS seek "a vote of condemnation upon the President and both houses of Congress." They controlled the Conventions in all three Districts and refused to allow any resolutions to be passed, complimentary to the Administration. They nominated for Congress three Douglas men, who, however, in their desire to be elected, give out that they are "National Democrats," and promise, in general terms, to sustain the Administration.

Discussing Candidates.

The *News* of yesterday thus announces a new rule which it is about to introduce:

> We shall favor, hereafter, a candid and fair, but searching examination of the claims, antecedents and qualifications of candidates, for high and responsible offices before presenting their names, to our nominating conventions. It will offend such, and such only, as have latent defects which ought to be exposed in order to protect the party from imposition. It will, on the other hand, discountenance the custom of presenting to our conventions the names of men wholly incompetent and unfit for the positions as well as unworthy of the confidence or support of any party.

This will save the Democratic Conventions much unprofitable labor. When does the *News* enter upon its inquisitorial duties? Suppose it try its hand upon the candidates for the different county offices to be filled this fall. Their name is legion and some authentic information as to their "claims, antecedents and qualifications" will be useful, as well as interesting.

CRAWFORD COUNTY IN THE FIELD.—The Republicans of Crawford met in County Convention, last week, and nominated the following excellent ticket:

For Sheriff—AMASA PRESCOTT.
Treasurer—SUMNER STILES.
Register of Deeds—WM. A. CAMPBELL.
Clerk of Court—GEO. W. STONER.
For Dist. Att'y—RUFUS KING.
Cl'k B'd Sup'ors—C. D. BELLVILLE.
For Surveyor—ISAAC TELLER.
For Coroner—JOHN C. BELLVILLE.

The Assembly District Convention for Crawford and Bad Ax Counties nominated THOMAS W. TOWER, as the Republican candidate for the Assembly. The *Leader* warmly endorses the nomination and speaks thus encouragingly of the prospect:

> The two Republican conventions which met at Seneca, on Wednesday last, to nominate a candidate for the Assembly and candidates for the several county offices, were earnest and enthusiastic in their deliberations, and selected a ticket with harmony as gratifying as it is unusual in political assemblages. It was an encouraging exhibition of the interest felt in the success of Republican principles by the farmers, that they turned out in good numbers; as we believe this county Convention was larger than any similar meeting ever held in "old Crawford." Every town in the county was represented by its full compliment of delegates, and many others who were not delegates, drawn thither by the interest they felt in having a good ticket selected.—By all, delegates and others, the opinion was entertained that if half the harmony and enthusiasm which pervaded the Convention prevail among the Republicans of the county during the campaign, our candidates will be elected by overwhelming majorities.

UNPROFITABLE MISSION.—We learn from very good authority that the Douglas Commissioners who arrived here a few days since, for the purpose of raising money to aid in the re-election of Senator Douglas, have left the city, having met with most indifferent success. One of them is said to have remarked that "New Yorkers were shucks—they could not get money enough to pay their expenses to this city and back!"—*N. Y. News.*

The *News* is the Administration, or "Hard" organ in New York. It represents and speaks for the N. Y. Custom House—a favorite source of supply when the Democracy need money to carry elections. The emissaries of DOUGLAS, however, found no favor in that quarter.

FRIGHTFUL ACCIDENT.—The Janesville *Gazette* says that Charles Longer, a German, had his leg terribly mutilated in the cylinder of a threshing machine, Saturday afternoon, in Johnstown. He was at work about the machine, and carelessly stepped upon the feeding board for some purpose, when his foot slipped, and came in contact with the cylinder, and was drawn into it; his foot and leg was torn and crushed in a most frightful manner, rendering amputation necessary. Fortunately the horses had just stopped, otherwise he must have been instantly killed. He remained in this situation for nearly half an hour, it being necessary to take out the cylinder to release him. It was necessary to amputate the leg just above the knee, and, although in a critical condition, his physicians think he will recover.—He has a family in Watertown, in this State.

FRIGHTFUL ACCIDENT AT THE OHIO STATE FAIR.—Two persons were killed and several were wounded at the Ohio State Fair, at Sandusky, on Wednesday. The Cincinnati *Times* says:

> Four celebrated roadsters were brought into the ring in competition for the prizes. The hub of one of the vehicles accidentally raked the wheel of another, and in an instant split and tore from it every felloe. The horse attached to the broken sulky bounded off at a fearful speed. As he ran fearfully around the circle, the mass of people rushed away from the enclosure.
>
> The horse, still dragging the broken vehicle, dashed against the enclosure, broke down the barrier, and pursued his course. Turning suddenly to the left he bounded in under the ladies platform, where a number of men, women and children, totally ignorant of the cause of confusion, were sitting. As he sprang among them he fell and his progress was stopped. The scene at this point at that time was fearful; men, women and children flying in every direction, and the latter screaming with alarm.
>
> Several injured persons were picked up. An old gentleman named Mallack was taken up fatally injured. He died in an hour and a half after the accident. A lady was sitting holding her little girl by the hands. The horse fell upon them, and in rising again, kicked the child in the back. The mother was pronounced not dangerous. The child died. Quite a number of others were hurt in the rush, but only slightly.

IMPORTANT MOVEMENT FOR COLORED PEOPLE—EXPEDITION TO THE RIVER NIGER.—The Chatham *Planet* learns that the Association for the colored people of Canada and the United States, Mr. W. H. Day, President, co-operating with an organization in Wisconsin, have concluded to accept of the opening just now appearing for the probable benefit of Africa, and the colored people generally, by commissioning an exploring party to the valley of the Niger. The colored people have now reached a point of advancement which enable them to send men of their own. Of this Niger Valley exploring party, Dr. Martin R. Delany, of Chatham, is the Commissioner, to be assisted by Robert Douglas, Esq., artist and professor, Robert Campbell, Esq., as naturalist. All these are colored men, the latter two being at present residents of Philadelphia, Pennsylvania.

A GOOD MOTTO FOR WISCONSIN.—We copy the following suggestive paragraph from the Albany Evening *Journal* of Friday last:

> SOUND DOCTRINE.—A Friend writing to us from Lockport closes his Letter thus:
>
> "*By Faith*, last year, we lost our Ticket. Let us save the present one by *Works*."

Complimentary Supper.

SUSPENSION BRIDGE, C. W., Sept. 14th.

Wm. Graham, Esq., late Freight Superintendent of the G. W. Railway, at the Suspension Bridge, having been promoted to a more important appointment, on the Detroit and Milwaukee Railway, at Milwaukee, his colleagues and a number of other gentlemen on either side of the Bridge, entertained him to a supper in the Great Western Hotel, Clifton, on Saturday, the 11th instant. John G. Jackson, Esq., of the New York Central Railroad Co., occupied the chair, supported on the right by the guest of the evening, and Jas. MacKenzie, Esq., on the left by E. P. Graves, Esq., of Niagara City, N. Y., and Mr Sutton, the Railway Company's Locomotive Superintendent at the Bridge. S. Sheckell, Esq., Mr. Graham's successor, occupied the vice-chair, supported by Vincent Cornwall, Esq., one of the Deputy Coroners for Welland, and other gentlemen. After dinner the chairman read letters of apology from W. H. Childs, Esq., of Niagara Falls; W. O. Buchanan, Esq., of Niagara City, N. Y.; H. S. MacCollum, Esq., Deputy Collector of Customs, Suspension Bridge, N. Y.; Wm. Leggat, Esq., Her Majesty's Collector of Customs, at Clifton, all regretting that they were unavoidably prevented from being present, and expressing, in a highly complimentary manner, their appreciation of Mr. Graham, both as an able officer of the Railway Company, and his worth as a private gentleman.

The chairman then gave the usual loyal and patriotic toasts; after which he, in a very able and felicitous manner, proposed the health of the guest of the evening, commenting in very glowing terms upon the pleasure he, as an officer of the Central Railway Company, uninterruptedly experienced in transacting business with Mr. Graham, since he came to the Bridge, always finding him a thorough business gentleman, and a most excellent person in private life; and though he was glad at Mr. Graham's promotion, yet regretted very much that he was losing the society of such a sincere friend.

Mr. Graham replied in his usual able and eloquent manner, and concluded by commenting on the past history of American railroads, and of the future prospects of the Detroit & Milwaukee railroad, of which he had no doubt of its success, through the exertions of W. K. Muir, Esq., the able and indefatigable General Superintendent placed over it.

A number of toasts were afterwards proposed and heartily responded to, including the Health of the President of the United States, the Directors and Managers of the Central Railroad, both of which were ably replied to by Mr. Jackson.—After which Mr. Sheckell very ably proposed the health of C. J. Brydges, Esq., Managing Director of the Great Western Railway, to which Mr. Graham as ably replied, giving utterance to the ability, zeal and decision of Mr. Brydges, and stating that while the rail roads suffered more or less severely by the recent panic and prostration of business, Mr B. carried the credit and position of the Great Western through the storm unimpaired, and that he and the railway at this day stand in a more favorable position with the shareholders and employees than they had ever before done. This all arising through his (Mr. B.'s) own comprehensive views of matters generally, and on account of his appointing "the right men to the right places," whether Englishmen, Scotchmen, Irishmen or Americans.—He also alluded to the able and successful manner in which Mr. Brydges carried through Parliament, single-handed, the Railway bill lately before that House. Some very excellent songs were sung at intervals, and the evening, until a late hour, was spent in a manner worthy of the occasion.

We must do justice to mine host of the Great Western hotel, by acknowledging that the wines, &c., were most excellent.

Another Horrible Story.

A Sergeant's Wife's Narrative of the Cawnpore Massacre.

The following account of the Cawnpore massacre, by Mrs. Murray, the wife of Sergeant-Major Murray, was first published by the *Indian Empire.* Mrs. Murray is now in Calcutta, and is ready to answer any questions:

From the 7th of June the mutineers commenced cannonading the garrison. They brought all the 24 pounders from the magazine, erected four batteries on the four sides of the entrenchment, and commenced pouring in balls like rain. They also brought mortars, but the shells, being filled with powder only, could scarcely do any harm. The first three or four days they were incessantly firing into the entrenchment, but after that time they fired only at a stated hour. The people in the entrenchment were half dead through fear, particularly the ladies, but after three or four days, when they got used, perhaps, to that mode of life, they did not care for the booming of a cannon. There could not have been less than a thousand souls in the entrenchment, including women, children, and *men of all classes and ranks*, and the rebels outside, were ten times that number; of this number 5,000 to 6,000 were regular disciplined men from the ranks of the native army, one portion composed of the Nana's men, and the rest were budmashes of the town, and villagers whom prospect of plunder had attracted into the station. All the public and private property outside the garrison was looted. The conveyances belonging to the gentlemen of the station were taken and made use of by the heads and leaders of the insurrection.

The ranks of majors, colonels, and generals, were supplied by the senior non-commissioned officers of the mutinous army. With all their endeavors and firing they found that they could not much harm the garrison. They then attempted to take the place by storm, but as many times as they tried they were repulsed with a considerable loss. With all their firing very few men were killed in the entrenchment, and those few not while they were doing sentry duty, but while drawing water from the fatal well in the entrenchment, which was in a most exposed part of the garrison. It was about this time that the old havildar, whom Gen. Wheeler had confined on suspicion, and who was in the garrison, was killed by the bursting of a shell. A lady was also killed in the same way. But accidents like these were so rare that I scarcely remember beyond one or two incidents in which lives were lost. When any one was killed it was the practice to stitch him in a bag and remove him at a late part of the night to a blind well which was close by. The accidents that too frequently occurred were while drawing water out of the well. After one or two deaths took place at the well the people commenced sending little children to draw water thinking they would not be fired at; but the mild Hindoos and refined Mahomedans are not the men to spare a dog belonging to a Christian, and much more children. Many children were killed and wounded at the well drawing water.

Perhaps 12 days or a fortnight had not elapsed since we had entered the entrenchment, when the roof of it, which was built of straw, caught fire by a shell and was burnt down. Just after this occurrence, the soldiers one night, having consulted together, rallied out of the garrison, disguised in black, and utterly spoiled one of the batteries, which the rebels had constructed on the four sides of the garrison, spiked as many guns as they could lay their hands upon, and would have assuredly done more, but the general hearing of it disapproved the bold attempt, and immediately ordered the bugle to sound, when they all returned into the garrison. It is a remarkable fact that during the whole period of our stay in the garrison not more than 30 soldiers were killed. To the best of my knowledge there were lots of provisions in the garrison, and if the general had only held on for 12 days or a fortnight more the whole garrison would have been relieved by General Havelock, who arrived at Cawnpore just 12 days after the massacre. But no; it was fated otherwise. On the 20th of June, Jacoby, or Jacobite, the watchmaker's sister-in-law, who was left behind and was in the hands of the rebels, came with a letter from Nana Sahib, offering terms of peace.—Her brother-in-law and sister were in the garrison. She swore Nana was sincere in his profession, and the general, as a drowning man grasps at a straw, swallowed down everything as Gospel truth.

The whole garrison was against surrendering and bitterly opposed the General when he seemed inclined to accept the offer. They broke their guns in a rage, and openly exhibited every sign of insubordination, but to no purpose. The General accepted the terms, in the teeth of universal opposition. Mrs. Wheeler herself opposed him, and begged of him not to do this, but to no purpose. He was firm and inflexible. The Nana had been his friend, and he could not see the reason why he could not trust him. The General wrote a warm letter of friendship and sent it off by Jacoby's sister-in-law. A little while after the miscreant Nana arrived and was immediately conducted to the General. Whatever was proposed at that moment the General agreed to, provided he was only allowed with the garrison to depart in peace. Nana agreed to it, and to satisfy him took an oath that he would see them safely conducted to Allahabad. After this the rebels outside rushed into the garrison. Their number was so great that there was hardly any place to stand. There could not have been less than 7,000 to 8,000 armed men surrounding the garrison and occupying every inch of ground. If they had wanted to they could have crushed in the garrison without using their weapons.

After this the treasury chest was made over to the Nana, together with all the ammunitions which were in the garrison. Nana then ordered the necessary preparations to be made to leave Cawnpore, he having left the garrison to go and arrange for boats. Every one packed up his things, and passed the night with feverish anxiety. Next morning a Sowar came and informed the General that there was not a sufficient number of boats available, and therefore, instead of boxes, in which every one had packed up his things, a bundle of clothes could only be allowed to be carried by each man, which was forthwith prepared, but another Sowar coming in after a while, communicated to the General that, there not being sufficient room in the boats to stow so many bundles, it was decided by the Nana Sahib, that they should depart as they were. The General, at this second message, at once ordered the whole garrison to march out as they were. They were conducted towards the Ghaut by the Nana's men, who took them not in the route in which they had their battery (for the soldiers would have assuredly fallen upon their battery and would have turned their guns against them,) but by another passage altogether.

When the garrison reached the ghaut the the men were ordered to go in the boats, to which they objected, unless the ladies and children were first accommodated. But the General being assured that there was no harm in it, that there was some breakfast prepared for the ladies and children, which as soon as they had taken they would be put on the boats, the General got into a boat, and then all the men followed his example. As soon as the main body of the men were thus separated from the women and children, they were fired at, but some of the soldiers having a few rounds of cartridges which they had taken with them by stealth, returned fire, and like so many desperate bulldogs jumped out of the boats, and fought bravely against the fearful odds as long as their cartridges lasted. They then threw away their guns and were cut to pieces. One soldier jumped into a blind well, but was taken out and mangled by a host of ruthless barbarians. One boat having caught fire, was burnt with all its inmates, and any one attempting to escape the fire was made a target mark by the armed multitude standing on the bank.

The gentlemen who were left on the bank, or, at least, those that had not gone into the boat, were hunted from one place to another like dogs, and, on each man a thousand sabres flashing at a time, wives and children beseeching the multitude with folded hands and praying attitude to spare their husbands and fathers, but to no purpose; the whole of the male portion of the garrison were barbarously murdered by order of Nana Sahib. My husband, William Murray, band sergeant of the 56th Native Infantry, was shot in the head. My brother met the same fate.—His name was Hero. My two sons, Alick and John, fell by tulwar. The women all, high and low, were stripped in open air, a piece of blue cloth of hardly three cubits, and less than a cubit in breadth, was given to each woman just to cover herself. Then followed the massacre of the children, and I can without any exaggeration, confidently declare that no less than 300 of the innocent angels were destroyed as it were by the spell of magic.

"They were bayoneted, shot, dashed on the ground and trampled under foot. One European boy, of about seven years, having escaped from the hands of the sepoys, came running and fell upon Nana's foot, and begged of him to spare his life and he would serve him as a mother.—The boy had hardly lifted up his head from the foot before it was cut off by the express order of Nana, and he flung the head away with his foot. My two grandsons, Robert and Charles, aged five and twelve years, respectively, were cut down on the spot. My two daughters-in-law, Lewsa and Santa, were cut down, both of whom were pregnant, but the latter, being very far advanced, expected daily to be confined, was ripped open, and the child came out of her womb, which was cut on the spot. Many were the heart-rending scenes which followed, when mothers were forced to give up their infants in arms to be brutally massacred in their presence, but they were too many to be related here. I received one sword cut on the head by a sowar, who, aiming a second blow, I guarded with my hand, when I received another cut on my hand; after that I received one cut on my back, which was so severe that I fell down senseless. I received two cuts more, but I am not sensible as to when they were inflicted; after that what passed I am not aware.

When all the people were gone away I opened my eyes, and I found myself lying in the heap of dead bodies fearfully mangled. I tried to get up, but I could not, so I crawled and went near the water, and I drank some water. A fisherwoman living on the ghaut having seen me, took pity on me and used to supply me with gruel and other necessities which she could afford, but her mother used to abuse me shamefully. I used to be lying near the river close to a bhatta, or the place where brick is baked. I was seen afterwards by some sepoys, who threatened to shoot me. I told them they were welcome to do so, provided they shot me in the head, and thus got rid of a life which was insupportable; but they went away without molesting me. Perhaps they felt loath to look at me, my sores were so fearfully bad and full of worms. Before I fell I remembered to have seen several grown-up girls and young ladies taken away by the sowars and other men, but as many as were taken away there was not one who had not personal attraction—the best passport of her safety. They were taken towards the town, and to what indignities they were subjected is a mystery which will be only revealed on the day of judgment.—They were afterwards brought and kept in the Assembly-house, but I do not know whether the whole of the number or only a part was brought back.

The fugitives who had escaped from Furruckabad and were coming down to Calcutta in boats, were stopped at Cawnpore, and were taken up and added to the inmates of the Assembly-house, the whole of whom were massacred on the arrival of General Havelock. There was not one spared to inform the world as to what had been perpetrated on them. The rebels knew full well that the British army would ultimately triumph, and therefore they took good care to destroy all of them who had been eye witnesses to their Tartaric barbarity. I well remember that as long as the soldiers had cartridges and were bravely fighting away, there was no trace of the Nana Soor, but the moment the cartridges were over and the soldiers commenced throwing their guns, then the beast made his appearance. He was laughing away while the poor Europeans were being cut down in his presence. On the arrival of General Havelock, the cowardly miscreants of Cawnpore disappeared like stars at the dawn of day, and the Nana Soor disappeared like a comet. I was promptly attended to, my wounds were dressed, and I was forthwith sent to Allahabad, where, being put under medical treatment, my wounds got better, and I was sent down to Calcutta; and here I am with five marks, which I consider the best evidence to confirm the truth of my statement.

I forgot to mention that General Wheeler, of the station was not murdered with the rest of the gentlemen, but a day after the massacre.—His boat having left Cawnpore, had actually gone away about 14 miles when it was seized and brought back, and the following day he was put to death. He was made to sit in the sun almost the whole day, and in the evening he was cut down by the order of Nana Sahib. The feeling of the Mohamedan portion of the rebels was so bitter against the Christians that nothing but blood would satisfy them. Before they would strike a Christian down, they would repeat the word 'Bismallah,' i. e., Limit by the name of God. Up to this time I possess the piece of three cubits of blue cloth which was given to every one when the whole of the women were stripped, and which piece any one seeing will have some idea at least of the indignities offered to the ladies.

COMPLIMENT TO WILLIAM B. OGDEN, ESQ.—A deserved compliment was paid on Saturday evening, to our fellow citizen, W. B. Ogden, Esq., on the occasion of his return to this city, after an absence of several months. About 11 P. M., preceded by the Light Guard Band, a number of our oldest and most prominent citizens marched to his residence, where they were cordially received. Doctor Wm. B. Egan, on behalf of our citizens, addressed Mr. O., welcoming his return, and congratulating him upon the favorable prospects of the line of railroad, to the completion of which, he had pledged a princely fortune, and which was to result in such advantage to Chicago. Dr. Egan eloquently alluded to the sacrifices made, and the honorable adjustment of all matters connected with the enterprise, on the part of Mr. Ogden, and the debt of gratitude due from Chicago to him.

Mr. Ogden expressed himself quite taken by surprise by the genuine welcome extended to him by his fellow citizens and friends; alluded to the Railroad enterprise with which his name had been connected, and the satisfactory adjustment of his affairs, and congratulated himself, that, now that all difficulties had been surmounted, they had not whitened a hair or added a wrinkle to his brow.

The company, after partaking of refreshments and a general interchange of kindly feeling, separated. The whole matter was impromptu, and as creditable to the gentlemen engaged in it as the object of it was worthy. Mr. Ogden has contributed from his private fortune, sixteen hundred thousand dollars, towards constructing a line of road which is second to no other in importance to Chicago, and in the face of the financial pressure, has carried it through difficulties and embarrassments which to others might well be deemed insurmountable.

Long may he live to enjoy the thanks of the community he has so largely benefitted, and the esteem in which he is universally held.—*Chicago Journal, Sept. 20th.*

PITTSBURG, FT. WAYNE & CHICAGO
RAILROAD!

THIS New and Direct Route now open to New York, Boston, Pittsburgh, Philadelphia, Baltimore and Washington City, Cleveland, Dunkirk, Buffalo, Niagara Falls, and all Eastern Cities, Cincinnati, Columbus, Dayton, Springfield, Urbana, Zanesville, Steubenville, Newark and Wheeling, and all interior towns of Ohio, Pennsylvania, Virginia, Maryland, New Jersey, &c., making one grand unbroken Rail Road line between
CHICAGO AND THE EAST.
FARE AS LOW AS ANY OTHER ROUTE.
Passengers wishing to go by this desirable and pleasant Route, should be particular and ask for Tickets by Fort Wayne, avoiding the annoyance of re-checking baggage as by other Routes.
Trains leave Depot on VAN BUREN ST., daily as follows:
6:00 A. M. 9.45 P. M.
With but one change of cars to Pittsburgh.
CHECKING BAGGAGE THROUGH
To Pittsburgh, Philadelphia, Baltimore and New York, Connecting directly with trains on the great Pennsylvania Central Railroad, to all Eastern cities. Also, with Cleveland and Columbus Railroad to Cleveland, Dunkirk, Buffalo, Niagara Falls, via New York Central and New York and Erie Railroads to New York and Boston.
Persons going East will find this route by far the most desirable both from the advantage in point of distance, variety and beauty of the country through which the roads pass, as well as the less frequent changes of cars, and the annoyance of re-checking baggage required by other routes.
Facilities for the transportation of Freight and Live Stock by this route, are unsurpassed. Rates as low as any other route, and with equal dispatch.
Tickets for sale at all the principal ticket offices at the West, and at the Company's Office, No. 80 Dearborn St., opposite the Tremont House, Chicago, and at the office of the Lake Shore Railroad, Milwaukee, by A. G. Leland.

IRISH LINENS!
Damasks, Diapers, &c.
CONSUMERS of Richardson's Linens, and those desirous of obtaining the Genuine Goods, should see that the articles they purchase are sealed with the full name of the firm,
Richardson, Sons & Owden,
as a guarantee of the soundness and durability of the Goods.
This caution is rendered essentially necessary, as large quantities of inferior and defective Linens are prepared, season after season, and sealed with the name of RICHARDSON, by Irish Houses, who, regardless of the injury thus inflicted alike on the American consumer and the manufacturers of the genuine Goods, will not readily abandon a business so profitable, while purchasers can be imposed upon with Goods of a worthless character. Statuary! Statuary!! Statuary!!!
OF SUPERIOR PLASTER-PARIS,
BY J. NICOLETTE,
CORNER OF MILWAUKEE & MICHIGAN STS.
I HAVE just returned from Europe with a superb and unequalled stock of STATUARY, consisting of a large and well-assorted variety of "BUSTS" of almost all of the prominent characters of the age, together with STATUES unsurpassed for neatness of finish and beauty of style by any other Artists in this country, or Europe, and also an innumerable supply of "BRACKETS," of all sizes and shapes, also, divers other things in my line, which it would be superfluous for me here to enumerate, all of which I would respectfully recommend to the scrutiny of the citizens of Milwaukee. My prices are easy, and such as will correspond with the times. I would have the public understand that I hold myself ready and willing to impart to visitors whatever of information may be necessary, and therefore invite the citizens of Milwaukee (male and female) to give me a call and examine my stock. J. NICOLETTE.
P. S.—I will also devote my attention to the *taking of likenesses of the living and dead*, and of *bronzing and repairing* and *mould-making* of all kinds, at rates to please. [sep16h208d2w] J. N.

GOOD MORROW.

BY THOMAS HEYWOOD, 1637.

Pack clouds away, and welcome day,
With night we banish sorrow;
Sweet air blow soft, mount larks aloft,
To give my love good morrow!
Wings from the wind to please her mind,
Notes from the lark I'll borrow;
Bird prune thy wing, nightingale sing,
To give my love good-morrow!

Wake from thy rest, robin red breast,
Sing birds in every furrow,
And from each hill let music shrill
Give my fair love good morrow!
Blackbird and thrush, in every bush,
Stare, linnet and cock sparrow,
You pretty elves among yourselves,
Sing my fair love good morrow!

The Billiard Tournament.

On Saturday, Sept. 11, the long-expected games of billiards between four of the most celebrated players in America, came off at Bird's Billiard Saloon, in Chestnut street, above Sixth.

Of the players, Phelan was the most celebrated, and we presume that there is no American devotee to billiards who is not familiar with his name. He is a rather stout man, just above medium hight, with the calm countenance characteristic in games of skill or chance. While playing, his face displayed much of the abstraction of glance, peculiar to mathematicians. Phelan has born the reputation of a man who can "count" almost indefinitely, when he chooses simply to run up a string instead of showing play. His style displays singular care, lightness and confidence, reminding one of elegant fencing. He indulges but little in the sleight-of-hand tricks which astonish so much among French players. The *effet* and rebound are more required in a purely carrom game than in the American, where a dexterous availing oneself of the cushion and the angles which it affords take their place.

Cavanaugh is as yet very young, we believe not 21, but of singular talent and promise, many believing that in a few years he will fully equal Phelan. His play is wonderful steady and reliable, full of confidence and power. Some of the shots were very remarkable and excited much admiration.

Estephe, who is, we believe, a Frenchman, plays a beautiful game, one evincing a quick power of calculation, allied to great boldness.—His *forte* lies in the *carambolage*, or carrom, as he is apparently less confident on his pockets.

Bird, so well known in Philadelphia, plays with grace and confidence, and does not sacrifice play to counting. He has gained a high reputation of late years as an artistic player, his progress having been marked and rapid.

The game at Bird's Saloon was not distinguished by high counting, but was full of beautiful play. Much enthusiasm was manifested by the audience, the great majority of whom were evidently adepts and deeply interested.

Saturday evening witnessed the opening of the new Billiard Hall of the Philadelphia Club, and it was appropriately inaugurated by games between the four players described. On this occasion the counting was higher than in the afternoon, but on the whole hardly as beautiful, though still attractive. The attendance of gentlemen, amateurs and others, was large, and the interest intense. Philadelphia has long maintained a high reputation for billiard playing, as the general anxiety awakened in many circles by these games abundantly proves.

The following is the order in which the games were played, in the afternoon, at Bird's Saloon with the results:

First game—100 points.
D. Cavanaugh and Chris. Bird.
Cavanaugh, 100 | Bird, 49
Second game—100 points.
Michael Phelan and Chris. Bird.
Phelan, 100 | Bird, 45
Third game—100 points.
Victor Estephe and Chris. Bird.
Estephe, 48 | Bird, 100
Fourth game—100 points.
Michael Phelan and Estephe.
Phelan, 64 | Estephe, 100
Fifth game—100 points.
D. Cavanaugh and M. Phelan.
Cavanaugh, 100 | Phelan, 35
Sixth game—100 points.
Victor Estephe and Dudly Cavanaugh.
Estephe, 54—Cavanaugh, 100

The largest run, made by Estephe, being 54 points. Several good runs were made by the different players.

Below we give the result of the games as played in the evening at the hall of the Philadelphia Club:

First game—200 *points.*—Between Victor Estephe and Dudley Cavanaugh. Won by Cavanaugh.

Second game—200 *points.*—Between Victor Estephe and Michael Phelan. Won by Phelan.

Third game—200 *points.*—Victor Estephe and Chris. Bird. Won by Bird.

Fourth game—200 *points*—Between Michael Phelan and Dudley Cavanaugh: Won by Phelan.

Fifth game—200 *points.*—Between Michael Phelan and Chris. Bird. Won by Phelan.

Sixth game—200 *points.*—Between Chris. Bird and Dudley Cavanaugh. Won by Bird.

The largest run made by M. Phelan was 93 points; next largest, by C. Bird, 64 points; and a run of 63 points was made by D. Cavanaugh.—*Phil. Bulletin, 18th.*

THE CANADA CANALS.—The Welland Canal is one of the most important of the public works of Canada, and has already contributed largely towards the trade of the Province. The Canal connects the waters of Lake Erie with those of Ontario, having a length of twenty-eight miles from Port Colborne on Lake Erie, to Port Dalhousie on Lake Ontario, showing, by the locks, a total fall of 330 feet between the two Lakes.—We have no later returns than 1856 of the tonnage of the several Canals of the Province; but the increase for the years 1854-'56 will show the growing importance of these works, viz.:

WELLAND CANAL.
Tonnage of Property and Vessels, up and down.

	1854.	1855.	1856.
Welland Canal	1,244,900	1,500,300	2,155,802
All Others	2,676,100	2,569,200	2,522,200
Total	3,921,000	4,070,000	4,070,000

The length of these several Canals is 69 miles, and 22½ of the feeders.

	Length.	Lockage.	WIDTH. Bottom.	Top.
Welland	28	330	45	81
St. Lawrence Canals.				
Galops	2	8	50	90
Point Iroquois	3	6	50	90
Rapid Platt	4	11½	50	90
Farran's Point	0¾	4	50	90
Cornwall	11½	48	100	150
Beauharnois	11¼	82½	50	120
Lachine	8½	44½	80	120
Total	69	534½		

The obstacles presented by Niagara falls and river (330 feet) are thus overcome by the Welland Canal, while the remaining fall of 234 feet is so distributed (between the head of Lake Ontario and the foot of the St. Lawrence) as to be overcome by steamers in their descent, and by sailing vessels through the canals where the rapids are too strong. Steamers run daily, direct from Lewiston to Montreal, and thence to Quebec; but on their return they use the canals.

Besides these canals above enumerated there is the Rideau Canal, from Ottawa to Kingston, constructed at a cost of $3,860,000 by the home government. This work was commenced in 1826, is 126½ miles—number of locks 47, with a fall of 457 feet.

Port Colborne, where the Welland Canal opens, is in Welland county, distant from Hamilton 45 miles, and from Buffalo 23 miles. The export is largely in Wheat.

Port Dalhousie, the lower terminus of Welland Canal, is a port of entry in Lincoln county. The harbor is one of the best on Lake Ontario, distant from Toronto, by water, 30 miles; from Hamilton, 36 miles. The exports are mainly in wheat and flour.

St. Catharines is an incorporated town on the Welland Canal, in Lincoln county; a section of country termed the "Garden of Canada West." It is distant from Niagara Falls, 12 miles; from Hamilton, 32 miles; population 7,000. St. Catharines is also on the Great Western Railway, leading from Niagara to Detroit; and is noted for the Mineral Artesian Well.—*N. Y. Courier.*

PROBABLE DEATH.—Mr. John Pape, residing about two miles below Diamond Bluff, started from his home on the 27th of August, to come to this place, in a canoe. He stopped at that village, got some whiskey and started on; since which time he has not been seen. His canoe was found a short distance above his house, lodged in some floodwood, and in it were the paddles and a few other articles, with which he started. It is supposed that he became so intoxicated that he fell out of his canoe and drowned.—*Prescott Transcript, Sept. 18.*

A CARD TO THE LADIES.
Dr. Duponco's Golden Periodical Pills
FOR FEMALES.

The combination of ingredients in Dr. Duponco's Golden Pills are perfectly harmless. They have been used in the private practice of old Dr. Duponco for over thirty years, and thousands of ladies can testify to their great and never failing success in almost every case, in correcting irregularities, relieving painful and distressing menstruation, particularly at the change of life. From five to ten pills will cure that common, yet dreadful complaint, the Whites. Nearly every lady in the land suffers from that complaint. The above pills has permanently cured thousands, and will cure you if you use them. They cannot harm you, on the contrary they remove all obstructions, restore nature to its proper chanel, and invigorate the whole system. Ladies whose health will not permit an increase of Family, will find these pills a successful preventative. Pregnant females or those supposing themselves so, are cautioned against using these pills while pregnant, as the proprietor assumes no responsibility after the above admonition, although their mildness would prevent any mischief to health—otherwise these pills are recommended. Full and explicit directions accompany each box. Price $1 per Box. H. BOSWORTH & SONS,
Wholesale Agents for Milwaukee.

They will supply the trade at Proprietor's prices, and furnish circulars, and show cards. Sold also by E. Frazer, 195 East Water street, J. M. Abbott, 205, John H. Tesch, 9 Spring St., and C. H. Gardner & Co., 19 Spring St. "Ladies" by enclosing $1,00 to either of the above Agents, through the Milwaukee Post Office, can have the Golden Pills sent to any part of the County (Confidentially) by mail.

N. B.—Be particular in asking for Dr. Duponco's Golden Pills, and remember, they are not a *secret nostrum*, every Agent is given the receipt composing the Pills, and they will tell you they are the best and safest Pill for Females, ever introduced, since the science of Medicine dawned upon the world. sep12d19-71&w1v

R. R. R.

A Young Lady, at Stephenson New York, in the month of June, 1853, caught a bad cold. On the 21st of August, she had an attack of hemorrhage from the lungs. She bled three times in one night. She took Radway's Renovating Resolvent, and has not bled since.

In all cases where persons are afflicted with Bleeding at the Lungs, take the Resolvent, in table-spoon doses, three times per day. Also, take internally, one teaspoonful of Radway's Ready Relief, in some water. It will instantly stop the most severe attacks. Keep the system regular, by taking one of Radway's Regulators per day. *As a styptic,* Radway's Ready Relief is superior to all styptics in use. When used to stop frequent bleeding of the nose, when all other means that were tried, failed. Bad Coughs, Colds, Consumption, in the earlier stages, the R. R. R. Remedies will positively cure.

N. B.—For all acute Pains, use Radway's Ready Relief. It will relieve the most excruciating pain in a few minutes.

R. R. R. is sold by C. Harrington, Bosworth & Sons, L. F. Lake, and J. H. Tesch, Milwaukee, and by Druggists everywhere. sep29d2w

$100 DECLINED.—Captain Turner came yesterday and said to me, "Professor, I shall not claim the $100 you promised me ten days since, if your "Electric Oil" did not cure me of rheumatism, being amply rewarded by perfect restoration. Your Oil acts like magic, it exceeds everything I ever heard of in my life."

BETTER STILL—$100 *Accepted!*—Henry Wright, Esq., of New Orleans, writes thus: "Prof. De Grath, Philadelphia: Enclosed please find $100, as by agreement with you two weeks since, that if your "Electric Oil" did not cure my ugly rheumatism, you would give me $50, and I said if I was cured I would give you $100. I had no idea of its wonderful effects. It adds life to the prostrated nervous system, and sends a thrill of pleasure through that whole delicate net work of the body."

A great many interesting cases are transpiring daily, showing real and permanent benefit. Let all the rheumatics and those suffering with any kind of pain also try it and be comforted. It relaxes the limbs of the aged, and is a soothing balm for delicate infancy.

Keep the bottle well corked. Rub quickly. See my written signature. PROF. CHAS. DE GRATH.
Philadelphia.

MOTHERS! MOTHERS! MOTHERS!
DON'T FAIL to procure Mrs. Winslow's Soothing Syrup for Children Teething. It has no equal on earth. It greatly facilitates the process of teething by softening the gums, reducing all inflammation, will allay all pain, and is sure to regulate the bowels. Depend upon it, mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases.
This valuable preparation is the prescription of one of the most experienced and skillful female Physicians in New England, and has been used with never-failing success in millions of cases.
We believe it is the best and surest remedy in the world, in all cases of Dysentery and Diarrhoea in children, whether it arises from teething or from any other cause.
If life and health can be estimated by dollars and cents, it is worth its weight in gold.
Millions of bottles are sold every year in the United States. It is an old and well-tried remedy.
PRICE ONLY 25 CENTS A BOTTLE.
None genuine unless the fac-simile of CURTIS & PERKINS, New-York, is on the outside wrapper.
Sold by Druggists throughout the world. Office No. 13 Cedar street, New York.
Sold in Milwaukee by Bosworth & Sons.

Quaker City Double Lock, Tight stitch
$20 SEWING MACHINE!
ALL other Cheap Machines take only the single thread chain stitch. This takes the same two thread stitch as the most expensive ones now in use. Its work will not rip, though every 3d stitch be cut. The Machine is simple easily adjusted, and not likely to get out of order. Sews from two common spools, does coarse and fine work perfectly, by simply changing the needle and thread. They will stitch, hem and gather. This is the only machine sewing with two threads, except one, in the world for less than $100. We invite all who wish a machine to do any kind of work done by machinery, to examine ours. Samples of work sent by mail on receipt of a stamp. Machines sent to persons who never saw them, and are used successfully after a few hours' practice. Full printed instructions given. Call at

G. SIMMONS,
SOLE PROPRIETOR AND MANUFACTURER OF
PURE OHIO
Catawba Brandy.
THIS Brandy has been manufactured for several years from the pure juice of the Catawba Grape, thus affording additional evidence of the progress of American enterprise and industry, and of our ability to produce articles at home, equal to those made by any other nation.
The Ohio Catawba Brandy, not only equals but excels the best imported Brandies, in purity and flavor. It is in fact the best Brandy known. This statement is fully corroborated by the certificates of our most distinguished analytical chemists.
The want of pure brandy has long been felt in this country, and the introduction of an article of such quality as to supersede the sale and use of those vile compounds hitherto sold under the name of Brandy, can only be regarded a great public good. The Catawba Brandy possesses all the good qualities claimed for the best imported liquors, and is of perfect purity and superior flavor, and a sovereign and sure remedy for
Dyspepsia, Flatulency, Cramp, Colic, Languor, Low Spirits, General Debility, &c.
NO FAMILY SHOULD BE WITHOUT IT.
Retail Price $1.25 per bottle.
Recommended by the physicians and surgeists of the United States.
G. Simmons has appointed J. F. & F. J. Isley, 141 East Water st., Sole Agents for State of Wisconsin, where dealers and consumers please forward their orders.
By calling on the agents the public will receive a sample gratuitously. mr16dlyg550.

TURTON & SERCOMB,
MANUFACTURERS of Steam Engines and Boilers, Flour and Saw Mill Gearing, Brass and Composition work, together with Castings of all descriptions.
Also manufacturers of the celebrated Haviland & Tuttle Patent Centre-Vent Water Wheel. It uses less water, in proportion to the power given, than any other wheel manufactured. It is adapted to either high or low heads of water, runs perfectly steady, and is not affected by ice or back water, only in the loss of head. In addition to this, it can be set with but little delay, and at no greater expense than ordinary wheels. It has given general satisfaction to all who have used it, and that, together with its durability, having been used in Messrs. Ludington & Co's Mill over seven years, without one dollar expense, gives it an entire superiority over all other wheels. Descriptive circulars forwarded on application.
Mill Stones, Bolting Cloth, Seive Wire, and Mill furnishings, of all descriptions, at the shortest notice.

CITY LOTS. LOTS. LOTS. LOTS. LOTS. PALMER & CO'S Addition. No. 21- One mile and a half from the Spring Street Bridge.	We have laid off the balance of our original purchase on Spring street into lots, and now offer them on the same terms as heretofore, viz: *One each hundred dollars of purchase money five dollars in advance, and three dollars per month thereafter until paid WITHOUT INTEREST.* The lots are beautifully situated on high ground in a healthful locality, and embraces some of the finest views about the city. They will bear examination.

The very low price at which they will be sold, together with the terms, commend them to the attention of all classes who desire a home and exemption from rents.—Youngmen, mechanics and laboring men, and tradesmen of small means have here an opportunity to invest that is within their reach. We have an agent on the property every day, after 3 P. M., to show the lots.

THE LIVER
INVIGORATOR!
PREPARED BY DR. SANFORD,
COMPOUNDED ENTIRELY FROM GUMS,
IS one of the best purgative and Liver medicines now before the public, that acts as a *Cathartic*, easier, milder and more effectual than any other medicine known. It is not only a *Cathartic*, but a *Liver* remedy, acting first on the *Liver* to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most *Cathartics*. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

The LIVER is one of the principal regulators of the human body; and when it performs its functions well the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the *Liver* for the proper performance of its functions; when the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the Liver—having ceased to do its duty. For the diseases of that organ, one of the proprietors has made it his study, in a practice of more than twenty years, to find some remedy wherewith to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with LIVER COMPLAINT, in any of its forms, has but to try a bottle, and conviction is certain.

These Gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, AND WHAT IS BETTER, PREVENTED, by the occasional use of the LIVER INVIGORATOR.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently, and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves CHOLIC, while

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite, and makes food digest well.

One dose often repeated cures CHRONIC DIARRHOEA in its worst forms, while SUMMER and BOWEL complaints yield almost to the first dose.

One or two doses cures attacks caused by WORMS in Children; there is no surer, safer, or speedier remedy in the world, as it never fails.

A few bottles cures DROPSY, by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER AND AGUE, CHILL FEVER, and all FEVERS of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

ALL WHO USE IT ARE GIVING THEIR UNANIMOUS TESTIMONY IN ITS FAVOR.

MIX WATER IN THE MOUTH WITH THE INVIGORATOR, AND SWALLOW BOTH TOGETHER.

THE LIVER INVIGORATOR

IS A SCIENTIFIC MEDICAL DISCOVERY, and is daily working cures almost too great to believe. It cures as if by magic, even *the first dose giving benefit,* and seldom more than one bottle is required to cure any kind of LIVER Complaint, from the worst *Jaundice* or *Dyspepsia* to a common *Headache*, all of which are the result of a DISEASED LIVER.

MORE TO BE ADMIRED THAN THE
RICHEST DIADEM
Worn by Kings or Emperors.

WHAT? WHY A BEAUTIFUL HEAD OF HAIR.

Because it is the ornament *God Himself* provided for all our race. Reader, although the rose may bloom ever so brightly in the glowing cheek, the eye be ever so sparkling, the teeth be those of pearls, if the head is bereft of its covering, or the hair be snarled and shriveled, harsh and dry, or worse still, if sprinkled with gray, nature will lose more than half her charms. Prof. Wood's Hair Restorative, if used two or three times a week, will restore and permanently secure to all such an ornament. Read the following and judge. The writer of the first is the celebrated Pianist, Thalberg:

DR. WOOD— New York, April 19th, 1858.

Dear Sir: Permit me to express to you the obligations I am under for the entire restoration of my hair to its original color. About the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your Hair Restorative, it soon recovered its former hue. I consider your Hair Restorative as a very wonderful invention—quite efficacious as well as agreeable. I am, dearly, yours truly,
S. THALBERG.

"Drych a'r Gwyliedydd."
WELSH NEWSPAPER OFFICE,
313 Nassau st., April 12, 1858.

PROF. O. J. WOOD—*Dear Sir:* Some month or six weeks ago I received a bottle of your Hair Restorative and gave it to my wife, who concluded to try it on her hair, little thinking at the time that it would restore the gray hair to its original color, but to her, as well as my surprise, after a few weeks' trial it has performed that wonderful effect by turning all the gray hair to a dark brown, at the same time beautifying and thickening the hair. I strongly recommend the above Restorative to all persons in want of such a change in their hair.
CHARLES CARDEW.

New York, July 25, 1857.

PROF. O. J. WOOD: With confidence do I recommend your Hair Restorative, as being the most efficacious article I ever saw. Since using your Hair Restorative my hair and whiskers, which were almost white, have gradually grown dark; and I now feel confident that a few more applications will restore them to their natural color. It has also relieved me of all dandruff and unpleasant itching, so common among persons who perspire freely.
J. G. KILBY.

PROF. WOOD—About two years ago my hair commenced falling off and turning gray; I was fast becoming bald, and had tried many Remedies to no effect. I commenced using your Restorative in January last. A few applications fastened my hair firmly. It began to fill up, grew out, and turned back to its former color, black. At this time it is fully restored to its original color, health and appearance, and I cheerfully recommend its use to all. J. D. HOES.
Chicago, Ill., May 1, 1857.

The Restorative is put up in bottles of 3 sizes, viz: large, medium and small; the small holds ½ a pint, and retails for one dollar per bottle; the medium holds at least 20 per cent more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent more in proportion, and retails for $3.

A Card from Dr. James M. Jarrett,
OF THE NEW YORK LUNG INFIRMARY.—My connection for the past eight years with the above Institution, as Chief Physician, and a severe practice of steady devotion to the cure of Pulmonary Consumption and its kindred diseases, together with unparalleled opportunities and advantages of pathological research—aided not a little by a perfect system of *Medical Inhalation*—has enabled me to arrive at a decisive, direct, and successful course of treatment for the speedy cure of all diseases of the *Throat, Lungs, and Air-Passages.* By Inhalation, the vapor and curative properties of medicine are conveyed direct to the diseased organs and the irritated [illegible]. The use of Medical Inhalation [illegible], and a *generaltreatment* [illegible] adjuvant in the proper management of those [illegible] and often fatal diseases, yet I deem it very necessary that each patient should have the benefit of both *general* and local treatment. The success of my treatment [illegible] the above diseases, and the high character of the Institution over which I have so long had the honor to preside, are too well known to need any eulogy or comment from me. At the solicitation of many private and professional friends, through whose philanthropic aid the above charity has been long and liberally supported, after mature reflection, I have concluded to arrange [illegible] so as to place my treatment within the reach of [illegible] who would [illegible] as heretofore, to those only who could visit me at my office. Hoping therefore that the arrangement will give entire satisfaction, both to my professional brethren and the public, I would respectfully announce to the afflicted, that I *can now be consulted personally or by letter,* on all diseases as above, and that the medicines, the same as used in the Institution, prepared to suit each individual case, *Inhaling Vapors, Medical Inhalers, &c., &c.,* will be forwarded to any part of the United States or the Canadas. TERMS—*My terms* for treatment by letter are as follows, viz: $12 per month for each patient, which will include medicine sufficient for one month's use; also, Inhaling Vapor, and an Inhaling Apparatus. Payment as follows: $12 to be paid to Express Agent on receipt of the box of Medicine, and the balance, $[illegible] at the expiration of the month, if the patient [illegible] is entirely satisfied with the treatment. Patients, by giving a full history of their case, and their symptoms in full, can be treated as well by letter as by personal examination. Patients availing themselves of Dr. Jarrett's treatment may rely upon prompt and personal attention. Letters for advice must contain a return stamp. Particulars address JAMES M. JARRETT, M. D.,
No. 390 Broadway, cor. Twelfth st., N. Y.

P. S.—Physicians and others visiting the city are respectfully invited to call at the Infirmary, where many interesting cases can be witnessed, and where they can proceed apparently to the [illegible] inhalation of medicated vapor can be seen. sep5[illegible]

Private and Confidential Medical Advice.
AT the MILWAUKEE VENEREAL HOSPITAL, established for the cure of Syphilis, Seminal Weakness, and the infirmities of youth and maturity, by Dr. BARNES.

Dr. BARNES takes pleasure in announcing to the citizens of Milwaukee and other places, that his office is at No. 12 Wisconsin street.

READ AND REFLECT.—The afflicted would do well to reflect before trusting their health, happiness and in many cases, their lives, in the hands of physicians ignorant of this class of maladies. It is certainly impossible for one man to understand all the ills the human family are subject to.

YEARS OF PRACTICE, exclusively devoted to the treatment and study of Syphilis, Gonorrhoea, Gleet, Strictures, effects of solitary habits, ulcers upon the body, throat, or nose, pains in the head or bones, and all Mercurial Affections, and all impurities of the blood whereby the constitution has become enfeebled, enables the Doctor to offer relief to all who may place themselves under his care.

Dr. B. makes no charges for short consultations. Those requiring much advice should enclose a small fee sufficient to compensate for the time required to write the answer.

COMMERCIAL & FINANCIAL.

OFFICE OF THE DAILY SENTINEL, }
Tuesday Evening, Sept. 21, 1858. }

MONEY MATTERS.—Exchange is still firm at the same rate. We quote:

Exchange on N. Y. city, selling,...1½ cent premium.
" " " " buying...¾ " "
Gold, buying.....................½ to ¾ " "
" selling.................1 to 1¼ " "

The Banks are discounting all strictly good business paper at the usual rate. Currency is not over and above plenty, but the Banks are taking all the produce paper on the market at the usual rate. Note Brokers rates range from 1½ to 3 per cent per month, with very little doing.

MILWAUKEE DAILY MARKET.

The market opened more active this morning, with an advance of 2a3c on the closing rates of yesterday, on shipping grades of spring wheat, but was heavy in the afternoon, with a downward tendency, in consequence of a decline in the New York market, which will be likely to be followed by a similar change here to-day. Receipts of grain by railroad are much larger than for any previous day this Fall, amounting to nearly forty thousand bushels. The sales at the lower platforms are nearly twenty thousand bushels. Flour is heavy and unchanged, and barley, rye, corn, oats, and potatoes continue dull.

The Crops in Grant County.

WYALUSING, Sept. 17, 1858.

MESSRS. NUTE & FOLSOM:—*Gentlemen:*—Having canvassed the western part of Grant County pretty thoroughly of late, we are sorry to have to report the almost total failure of the Wheat and Oats crop. The worst fears of those whom we denominated croakers, are fully realized. It is true, there is considerable wheat; but, excepting that which grew on timbered land, the quality is so inferior that it is worth nothing in market. Oats are also very inferior—weighing only about 24 lbs to the bushel, as an average. The Potato crop is also very short. There is some old wheat yet in the hands of our farmers, but they hold it above the present market prices.

Yours, B. GLENN & CO.

NEW YORK MARKET.

NEW YORK, Sept. 21.

FLOUR—Market firmer with a better demand, and also a moderate export inquiry. There is also something doing in speculation; sales ,700 bbls at 3,60a4,60 for unsound; 5,15a5,25 for superfine state; 5,50a5,60 extra state; 5,05a5,20 western; 5,40a5,70 for common to medium extra western superfine and 5,35a5,90 for Chi spring; the market closing dull. Canadian flour buoyant; sales 50 0 bbls at 5,25 for superfine; 5,65a6,50 for fancy and extra. Rye flour dull; sales 1,500 bbls at 3,50a4,20.

WHEAT—The wheat market is dull and drooping for common and inferior grades; sales 20,000 bus at 1,12a1,15 for unsound winter red western, 1,21 for fair sound white Ind; 1,25a1,46 for white southern; 1,18a1,24 for red do.

RYE—Scarce and firmly held at 79a80 with buyers at 78.

BARLEY—Quiet at 75a85.

CORN—Buoyant; sales 6,000 bush at 70a75 for inferior to prime mixed western; 88 for white southern and 95 for yellow Jersey and Penn.

MARINE INTELLIGENCE.

HAULED OFF.—The Lady Elgin has been hauled off the Chicago and Lake Superior route. Passengers from Chicago or Milwaukee, however, by taking a Collingwood or any other steamer to Detour, situated at the mouth of St. Mary's river, can connect, without delay, with one of the steamers plying regularly between Detroit and Lake Superior.

PRESQUE ISLE LIGHT, AT ERIE.—Capt. Whipple gives notice that a third order catadioptric illumination apparatus, on the system of Fresnel, will be placed in the new tower at Erie, Pa., and lighted on the 20th inst., from which date it will exhibit a fixed uncolored light. The tower is of Milwaukee brick, unpainted, 60 feet in height from the base to the top of the parapet wall, and the focal plane is 128 feet above the level of the lake. From the deck of a vessel, upon which the eye of an observer may be 15 feet above the surface of the lake, this light should be visible, upon a clear night, 20 miles; at an elevation of 25 feet it should be seen 21.5 miles; and at a greater elevation a longer distance.

MEDICAL.

R. R. R.

"Magna est Veritas et prævalebit."

THE wonderful discoveries brought to light by the celebrated Dr. Radway & Co, the eminent Chemists of New York, within the past quarter of a century, have contributed more to the ease, comfort, safety, health and longevity of the human race than all other medicinal agents in use.

RADWAY'S READY RELIEF,

The first of these important and valuable discoveries startled the world with wonder and surprise at its rapid efficacy in curing the sick and stopping the most severe of pains.

The next discovery was the RENOVATING RESOLVENT; the only remedy in use that possesses the remarkable properties of eradicating from the system all constitutional maladies inherited by sickly children of diseased parents. These discoveries however, are but LESSER LIGHTS to the GRAND DISCOVERY recently made, and which is calculated to revolutionize the present practice of medicine and treatment of disease. The result of this great discovery is given to the world in the form of Pills elegantly coated with Gum so as not to offend the most delicate stomachs. They neither sicken nor gripe. Every dose that is taken imparts renewed strength and vigor to the sick and enfeebled body. They are called

RADWAY'S REGULATING PILLS.

R. R. R.
RADWAY'S READY RELIEF.

1. One of the most remarkable properties which this all-powerful remedy possesses, is that of ELECTRICITY. It truly electrifies the whole human system with its healthful influence. Its action upon the poisonous gases of malaria, whether it be the infecting effluvia of Yellow, Typhus, Swamp, Measles, Scarlet, or other Malignant Fevers, or Fever Ague, Bilious Fever, Cholera, Diarrhoea, Dysentery, Flux; or whether the stomach becomes inflamed and irritated from the poisonous extracts of acid plants, tainted meats, unripe fruit, or green vegetables,—a dose of Radway's Ready Relief will instantly neutralize the poisonous elements that may be in the stomach, allay the most violent inflammation and fortify the whole system against sickness or painful difficulties.

In all cases, therefore, of Cholera, Cholera Morbus, Flux, Fevers, &c., there is no remedy so safe and certain to take as Radway's Ready Relief. Its electrical powers will, the instant it is taken, *charge the system with health and vigor.*

2. AS A COUNTER-IRRITANT, withdrawing the congested blood, which, in cases of Rheumatism, Lumbago, Gout, Neuralgia, Sciatica, inflicts so much pain upon the patients—it acts with the rapidity of lightning the instant the Relief is rubbed on the parts of the body where there is pain—it re-establishes an equalization of the circulation of the blood—congestion being withdrawn, inflammation is removed, and pain ceases.

3. AS A DIFFUSIVE STIMULANT.—In cases of Weakness, Languor, Debility, Depression of Spirits, Restlessness, Melancholy, Tremblings, Hysterics, &c., it diffuses its healthful tonic properties throughout the whole system. It revives and re-invigorates the aged, crippled, infirm, and nervous. It imparts new life and strength. Weak and feeble females, who, from continued suffering with *weakening discharges*, are wasting away, Radway's Ready Relief will restore to a sound and healthy condition.

4. ITS CLEANSING AND HEALING PROPERTIES are quickly proved in cases of *wounds*, gun shots or stings, bites of dogs, snakes, insects, &c. The moment Radway's Ready Relief is applied to the pained parts, it neutralizes the poison, arrests the spread of the infection, allays inflammation, and prevents mortification.

5. AS A BODY GUARD TO PREVENT the system against sudden attacks of sickness, especially when epidemics prevail, or in cases of sudden Cramps in the stomach or bowels, Bilious Cholic, Fevers of all kinds, a dose of Radway's Ready Relief will check the progress of the disease and prevent serious difficulties.

6. EXPOSURE TO HEAT—CEREBRAL DIFFICULTIES.—Persons who are obliged to be exposed to the hot rays of the sun, should, when they feel Sun-Sickness, Headache, etc., take a dose of the Relief, also bathe the head with some water—this will settle and strengthen the stomach and withdraw the heated blood from the head—and equalize its circulation through the system.

7.—Every family should provide themselves with Radway's Ready Relief. If accidents occur, either from Falls, Burns, Scalds, Bruises, Wounds, etc., one application of the Ready Relief will immediately stop the pain, prevent inflammation or mortification.

RADWAY'S REGULATING PILLS.
[From the N. Y. Medical Journal.]
THE GREAT GRAND DISCOVERY.

A SINGULAR POWER RECENTLY DISCOVERED AND COMBINED WITH RADWAY'S REGULATING PILLS.—The celebrated Dr. Radway has recently succeeded in obtaining a nutritious extract, so concentrated, that a dose of six pills will furnish the same amount of nutrition to the blood as is given to the blood by an ounce of ordinary bread. This nutritious extract he has succeeded in combining with Radway's Regulating Pills, so that while the system is undergoing a thorough physicing, cleaning, purifying and regulating process, the weak, enfeebled, debilitated and worn out organs receive a healthful nourishment.—This great discovery is invaluable. Heretofore, under the influence of the most innocent and best purgatives, Pills, etc., the patient grew weak and debilitated. In cases of Yellow Fever, Typhus Fever, Scarlet Fever and other malignant fevers, Small Pox, Erysipelas, etc., the patient is unable to partake of sufficient nourishment to keep alive.

RADWAY'S REGULATING PILLS will entirely revolutionize the treatment of the sick afflicted with these maladies; for one or two of Radway's Regulating Pills will give to the wasting body sufficient nourishment as well as exterminate every particle of disease from the system. Another great power which these Pills possess is that of regulating the organs of the system in performing their duties. The Stomach, Kidneys, Liver, Skin, Bladder, Heart and Bowels, are each of them regular and exact in the performance of their several functions; so that those who take these Pills, however Costive they may be, will enjoy *the luxury* of a healthful discharge from their bowels every day, at a regular and exact hour.

RADWAY'S RENOVATING RESOLVENT.

The discovery of this wonderful Renovator of the Human Body secures to medical science a new medicinal property.

It not only cures quickly, safely and effectually the following disorders:

HUMORS OF THE BLOOD.

Scrofula, Tumors, Bleeding of Lungs,
Syphilis, Consumption, St. Vitus Dance,
Sores, Rickets, Salt Rheum,
Asthma, Nodes, Canker,
Bronchitis, Fever sores, Rash,
Ulcers, Erysipelas, Tetters,

It renovates the system completely, Resolving away from the Solids all impure Poisonous and Diseased Deposits, freeing the Blood and Fluids of Life from all corrupt humors, restoring Energy and Vigor, Health and Strength to every Organ and Member of the body, but will eradicate from the system all Constitutional Maladies and Infirmities inherited by sickly children of diseased parents.

Let those affected with any disease, Scrofula, or Constitutional Infirmities, take Radway's Renovating Resolvent.

THE GREATEST
MEDICAL
DISCOVERY
OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures

EVERY KIND OF HUMOR,
FROM
THE WORST SCROFULA DOWN TO A COMMON PIMPLE.

He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimple on the face.

Two or three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the stomach.

Three or five bottles are warranted to cure the worst kind of Erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two or three bottles are warranted to cure the worst kind of ringworm.

Two or three bottles are warranted to cure the most desperate case of rheumatism.

Three or four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, Mass.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kinds of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of the diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother,

NURSING SORE MOUTH,

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.

In the more advanced stages of

CANKER

it extends to the stomach, causing

DYSPEPSIA,

which is nothing but canker on the stomach; then to the intestines and

KIDNEYS

creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

RAW AND INFLAMED,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to

CURE;

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases the

PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "an ounce of prevention is better than a pound of cure." In the

MEDICAL DISCOVERY

you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,
DONALD KENNEDY.

AYER'S CATHARTIC PILLS.

THE sciences of Chemistry and Medicine have been taxed their utmost to produce the best, most perfect purgative which is known to man. Innumerable proofs are shown that these PILLS have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood and expel the disease. They purge out the foul humors which breed and grow distempers, stimulate sluggish or disordered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill.—While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated they are pleasant to take; and being purely vegetable are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my preparations contribute immensely to the relief of my afflicted, suffering fellow-men.

The Agents below named are pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures of numerous complaints.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for AYER'S PILLS and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid there is for them and they should have it.
